INVOCATION: Given by Rep. John Fahan

“Dear Lord, let us pray for those brave astronauts that lost their lives this weekend – Rick D. Husband, William C. McCool, Michael P. Anderson, David M. Brown, Kalpana Chawla, Laurel Blair Salton Clark and Ilan Ramon. Dear Lord, this Legislative Body, like all across the nation, is able to meet and debate the issues due to the great sacrifices of Americans since our country’s inception. The fact that we are meeting here this evening in a democratic forum is nothing short of a miracle. To our veterans of Valley Forge to the beachheads of Normandy to those actively serving today, we are forever grateful. To those who fought for women’s suffrage to the freedom riders and the marchers who risked their lives in the civil rights movement, we are forever grateful. All of you fought for freedom and democracy, not only in your life and times but also for that of future generations. You established the pillars of our democracy. May God forever keep you and bless your souls. Amen.”

He informed the Committee that this item has been very successful and much progress has been made to date against various properties. There have been 180 site visits made to various properties; additionally there have been follow up visits. The City has been paid approximately $41,268 in fines since the ordinance was enacted, and the City is due another $30,402 in liens or payments. Dr. Iton said that this was one of the most effective pieces of legislation seen enacted in municipalities in which he has worked.

Chair Lyons reported that the Committee approved the secondary items on consent.

1. PR26.036 RESOLUTION; for PUBLIC HEARING AND FINAL ADOPTION; authorizing new marina rates for Calendar Year 2003 (9% increase at Cove, Csezik and Cummings marinas). 12/02/02 – Submitted by Mayor Dannel P. Malloy 01/06/03 – Approved for publication 01/21/03 – Held in Committee 02/03/03 – Committee approved 8-2-0

Co-Chair Cannady moved Item No. 1; said motion was seconded.

Rep. Imbrogno moved to amend the item by increasing Cove Marina by 12%, Csezik Marina by 10% and Cummings Marina by 7%; said motion was seconded. Rep. Imbrogno stated he was opposed to the 9% across the board increase because Cummings doesn’t have any water, lights or power. He doesn’t believe that Cummings should have the same increase as the other marinas. Rep. Imbrogno urged other representatives to vote against the recommendation of the Committee.

President Martin clarified that the Committee’s recommendation is to increase all marina rates by 9%.

Rep. Coppola stated that in fairness to the people at Cummings, the increase should be less for them due to Rep. Imbrogno’s comments. There have been no upgrades at this marina in quite some time.
Rep. Lyons stated he represents the Cummings area, and that this is a very complex issue. He stated the Csezik is the number one revenue generator; Cove is second and Cummings is the third. Cummings has not been the subject of capital improvements over the years, but to diminish the fee structure at Cummings vs. the other two marinas will not bring a net revenue difference. The numbers have to be increased substantially to get the same type of fee structure, i.e., the 9% across the board. At the public hearing, a number of people were from Csezik. Last year they were hit with a 14% increase, this year they are getting a 9% increase. To move them a percent higher would be unfair. In previous years, systematically the Board has left Cummings at a decreased amount than the other marinas due to the fact that it has not experienced capital improvements.

Rep. Lyons stated he sympathizes with the residents who use Cummings, and everyone must realize the marinas are in a self-sustaining budget now. People need to realize that 20 to 25 years from now, when Csezik is in disrepair, Cummings will be the newer marina, and higher rates will come to Cummings. He realizes that Cummings is due for many improvements that have been promised for some time. The benefit now is the self-sustaining account, and the revenues stay dedicated to the marinas. If we don’t adopt the 9% across the board, we are playing games with the revenues and we will punish those at Czesik who had a 14% increase a year ago. Rep. Lyons stated that he recommends we stick with the 9% increase and vigorously pursue minor improvements at Cummings, such as running water and electricity.

Rep. Boccuzzi stated that it would be unfair to charge Csezik even more this year to make up for a lesser increase at Cummings.

Rep. Loglisci asked why the Committee changed the Parks & Recreation Commission recommendation. Co-Chair Cannady replied that the first recommendation from the Parks & Recreation Commission was for a 9% across the board increase; tonight they received a different recommendation from the Commission. Co-Chair Cannady stated that they are acting on the first recommendation of the Parks & Recreation Commission.

Rep. Loglisci asked if the Parks & Recreation Commission changed its recommendation because it felt it was unfair.

Co-Chair Cannady stated that their recommendation was changed as a result of the public hearing input. She added that most of the people who appeared at the public hearing were from the Czesik marina.

Rep. Giordano stated that the City is dredging right now, at a cost of over $500,000, at Cummings marina. The City is reconfiguring the marina, so substantial work is being done at Cummings at this time.
Mr. Imbrogno’s motion and failed by a machine vote of 10-27-0 (See Vote Record #345).

The main motion was approved by a machine vote of 30-8-0 (See Vote Record #346).

  APPROVED BY MACHINE VOTE 35-3-0 (Reps. Loglisci and Summerville voting yes)

- **PR26.040**  
  APPROVED BY MACHINE VOTE 29-9-0
Co-Chair Cannady stated that there were multiple fees in this resolution, and the primary fee is a $25 beach pass fee.

A motion to approve this item was made and seconded.

Rep. Esposito stated that a debate as to the appropriateness of the fee should not be held tonight, and it should occur next month after the public hearing.

Rep. Fahan stated that in all due respect to Rep. Esposito, he will be voting against a $20 or $25 fee to the parks as he thinks it is ridiculous. He believes that $15 is ridiculous. There is no justification for the fee, and he is unaware of what the taxpayers are getting for their tax dollars at this point.

The motion was approved by a machine vote of 29-9-0 (See Vote Record #348).

6. **PR26.041** REVIEW; of school playing fields and conditions; discussion on scheduled maintenance activities to improve conditions.

1. **T26.023**

2. **T26.024**  
PROPOSED ORDINANCE; for publication; amending Chapter 231 (Vehicles and Traffic) of the Code to provide for new fines for parking violations.  
01/09/03 – Submitted by Mayor Dannel P. Malloy  
01/16/03 – Committee approved 7-0-0  

Chair DeLuca moved Item No. T26.024. Said motion was seconded.

Rep. Nakian moved to amend the item by changing the Class 4 fine back to $90. Said motion was seconded and approved by unanimous voice vote.

Rep. DePina moved to amend the Class 1 meter violations to $13; said motion was seconded. Chair DeLuca stated that the $15 is comparable to what other communities are paying. In addition to increasing revenues, this would deter people from disobeying the parking meter rules and will promote faster turnover, which is what the downtown merchants are looking for.

Rep. DePina stated that for a $.50 parking meter, a $15 fine is a little high. She disagreed with the idea that the meters will turn over any faster because of a difference in the fine.

Rep. Mirkin concurred with Rep. DeLuca. As the City looks across every fee, this is truly a case where the only people having to pay this fee are those that violate an ordinance. The objective is to get people to comply with the law. This increase should encourage people to adhere to the law rather than violate it.

Rep. Greenberg moved the question; said motion was seconded and approved by unanimous voice vote.

The motion to amend the committee’s recommendation of changing the Class I violation from $15 to $13 failed by a machine vote of 12-26-0 (See Vote Record #350).

Upon motion duly made and seconded, Item No. T26.024 was approved by a machine vote of 31-6-0 (See Vote Record #351). Rep. Summerville abstained on this vote.
Upon motion duly made and seconded, the Consent Agenda, consisting of Item No. 1, was approved by unanimous voice vote.

   01/27/03 – Report Made

Chair Skigen reported that Mr. Dunn admitted that the monthly numbers submitted to the Committee are a constantly-moving target. It is the best estimate of the moment that the report is generated. Right now, the central office staff believes that the education budget for the current fiscal year will come in within $150,000 of the budget. Another update will be provided next month.

Chair Skigen also reported that a brief discussion was held regarding the upcoming budget. In order to maintain all of their programming, it would require a 12-13% increase in the Board of Education budget. The superintendent is working to bring that to 8% or lower. Mr. Hamilton, on behalf of the administration, has asked the Board of Education to try to bring in a 5% budget increase. The Board of Education votes on the budget the end of this month, it is then submitted to the Mayor for submission to us on March 8.

There are a series of budget meetings occurring for the Board of Education. The list is available in the Board office, and all representatives have been invited to sit in and participate to see the process the Board of Education is going through.

MINUTES

1. January 6, 2003 Regular Board Meeting

Rep. Zelinsky requested the following corrections:

1. Under the Operations Committee report, he would like the names of the refuse collectors recorded as being in attendance.

2. Under paragraph 1, he would like it mentioned that the President of the Board offered an alternative tipping fee ordinance and the Committee did not approve the administration’s ordinance. Also, he would like it noted that Directors Curtin and Cassone agreed to support the ordinance.

3. In the next paragraph, the date should be October 2, 2002, not 2003.

4. The change in the fee goes from $77 to $82 rather than $83.

5. Under the Transportation Committee report, the reference to a $100 increase should be a 100% increase.

Clerk Summerville reminded Mr. Zelinsky of the correspondence that has gone back and forth between him and the Board Office.

Clerk Summerville also stated that all representatives should be aware that verbatim minutes are not done by the Board office. They have not been done verbatim for many years.

Clerk Summerville stated that all committee reports are attached to the minutes.

Clerk Summerville stated that if there is an error in anything that is transcribed, the full Board needs to approve corrections to the minutes. Prior to changes being approved by the full Board, the office staff needs to go back and check the tapes to assure that there is in fact an error.
