Upon motion duly made, the Consent Agenda, consisting of Item Nos. 1 through 4, was approved by unanimous voice vote.

Chair Skigen reported that the Fiscal Committee met on Wednesday, May 21, 2003. Present were Committee Member Reps. Skigen, Cannady, Mirkin, Loglisci, DeLuca, Fedeli, Giordano, Hunter and Lyons.

Chair Skigen reported that the item was on consent. However, there were four organizations that did not show up at the meeting, and the Committee did not vote to include them on the list. Sandra Dennies supplied explanations this evening from the agencies explaining their absence from the public hearing and requesting inclusion on the list. Chair Skigen stated he would take this matter off consent in order to include those four organizations.

Chair Skigen moved to amend Item No. F26.201 to include the following agencies: CTE, Horizons, the Food Bank and Jewish Family Services. Said motion was seconded and approved by unanimous voice vote. Chair Skigen moved the resolution, as amended. Said motion was seconded and approved by unanimous voice vote.
Chair Skigen further read into the record those organizations that are included in the resolution: Yerwood Center, Stamford Senior Center, Inc., St. Luke Lifeworks; Housing Development Fund of Lower Fairfield County; the Women’s Mentoring Network, Inc. and Stamford Health Systems.

05/12/03 – Approved by Planning Board
05/21/03 – Committee approved 9-0-0

APPROVED BY MACHINE VOTE (32-3-2)
(Reps. Figueroa, Kernan and White opposed; Reps. Coppola and Fahan abstaining)

Chair Skigen stated that this was grant money that would be used to help fund the construction of the four-lane roadway from the Transit Center to Elm Street, including bus lanes, new traffic signals, turning lanes, bike lanes and sidewalks and an intelligent transportation system. These funds represent the federal government’s appropriation for planning, design and property acquisition. Chair Skigen moved Item No. F26.205. Said motion was seconded.

Rep. White stated that the reason he voted against this item is that after reviewing the scope of the project, he determined that it was a massive project – similar to another I-95 south of I-95. He stated that it would not serve much of a purpose other than to get crowded up with more traffic. He felt that this was a concern to the surrounding streets and may impact the character of the neighborhood. Rep. White stated that this is not a solution to alleviating traffic, and that support of a mass transportation system is the answer. Rep. White stated that he also is against the taking of businesses and residential properties for this purpose.

The motion was approved by a machine vote of 32-3-2 (Reps. Figueroa, Kernan and White opposed; Reps. Coppola and Fahan abstaining). See RCS Vote Record #410.

8. F26.206 APPROVAL; of a contract with Vision Appraisal Technology, Inc. for property revaluation consulting services; amount of contract:

AGENDA

APPROVED ON CONSENT
Chair Skigen stated that this rejection was unanimous in committee. However, he received information on Friday that the administration is asking that one of the projects not be closed out because there was recent notification received by the Connecticut Department of Transportation regarding some potential liability on the City’s behalf. The project is listed as C-56236, Stamford Gateway Management Project for $35,924.40.

Chair Skigen moved to split the question; said motion was seconded and approved by unanimous voice vote.

Chair Skigen moved Item F26.208, amended to exclude Item No. C56236; said motion was seconded.

Clerk of the Board Summerville asked that the items being rejected be read into the record. Chair Skigen stated that the items were:

- C16020 Toilsome Brook
- C16026 Hope Street Repairs
- C16030 Carter Drive/Tupper Drive
- C56116 Rippowam River Dredging
- C56153 Bridge Street Bridge
- C56199 Scofield Avenue Reconstruction
- C56215 Stillwater Realignment
- C56237 Stamford Gateway Phase II
- C56256 Harvard Avenue II
- C5B633 Franklin Street Improvements
- CP1272 Cedar Heights/Rapids Road
- CP2221 Summer Street Realignment

Rep. Lyons asked that Chair Skigen explain the rationale for closing out capital projects. Chair Skigen responded that projects are closed out because funds are
not actually borrowed in excess of the amounts utilized, and no further funding is necessary in the determination of the Engineering Department and the administration.

The item was rejected by unanimous voice vote.

   04/21/03 – Submitted by Mayor Dannel P. Malloy
   **APPROVED BY UNANIMOUS VOICE VOTE**

Chair Skigen moved rejection of C56236, Stamford Gateway Management. Said motion was seconded and approved by unanimous voice vote.

12. **F26.207** REVIEW; establishment of new format for Board of Education budget.
    05/07/03 – Submitted by Rep. Lyons
    05/21/03 – Report Made
    **REPORT MADE**

Chair Skigen reported that in the coming months, the Committee will try to get this matter completed while Mr. Dunn is still with the City.

Upon motion duly made and seconded, the Consent Agenda, consisting of Item Nos. 3, 4, 5,6, 8, 10 and 11, was approved by unanimous voice vote.

Chair Skigen stated that it has come to the Board’s attention that it exceeded its authority when it acted on the WPCA budget. The Fiscal Committee recommended and the Board adopted line item cuts to the WPCA budget. The Board’s authority, under the ordinance that created the WPCA, is to either approve or reject their budget, not to make line item changes. Chair Skigen reported that President Martin has had numerous conversations with corporation counsel and with Jeanette Brown.
Chair Skigen moved to take up Item No. F26.211; said motion was seconded and approved by unanimous voice vote.

13. F26.211 REJECTION; of WPCA budget for FY 2003-04. 06/02/03 – Submitted by Fiscal Chair Skigen

Chair Skigen stated that the Fiscal Committee had recommended approximately $213,000 in cuts to the WPCA budget. The WPCA ordinance, as amended, gives the Board the authority to approve or reject the budget, but not to make these cuts. Chair Skigen stated that there is authority in the Charter for the Board, by a two-thirds vote, to take actions after the conclusion of the budget cycle to clarify any actions the Board has taken, to correct any mistakes or to resolve any problems that occurred during the budget.

Chair Skigen stated that he will have two motions. The first is to reject the WPCA budget, F26.211. The WPCA is aware of the cuts suggested by the Fiscal Committee. If the budget is rejected, they will resubmit a budget. They may not accept all of the Board’s recommendations, but they are aware of the recommendations. Chair Skigen added that they don’t set their fee schedule until August, so there is sufficient time before the fee schedule is established.

Chair Skigen moved the rejection of the WPCA budget, Item No. F26.211. Said motion was seconded.

President Martin stated that this motion requires a simple majority vote.

Rep. Loglisci asked if the Board has done line item cuts in the past. President Martin stated that when he was the Chair of Fiscal, the Board did do line item cuts. President Martin stated that while the administration was researching whether the WPCA could make transfers among the line item cuts, during the process of investigation, they realized that the Board didn’t have the authority to make line item cuts.

Rep. Lyons stated that the Board must find some way for the representatives to alter the budget line items other than a complete rejection of the entire budget. This all ends up in lower user rates for districts with sewers. Rep. Lyons asked if the ordinance can be modified in the future or if other provisions can be made to allow the Board to make line item cuts.

President Martin stated that this matter will be addressed.

Clerk of the Board Summerville asked whether the Chair was certain that fees were set in August.

President Martin stated that he believes the fees are set in August, but even if it is in July, the plan is to reject now and by the July meeting, a budget acceptable
to the Fiscal Committee will be submitted and the Board will consider it at the July meeting.

Chair Skigen stated that the section of the Code cited by Mr. Cassone states: “in the event that either the Board of Finance or the Board of Representatives rejects the WPCA proposed budget, the WPCA may modify and resubmit said budget until it is approved.” Chair Skigen stated that it may not come back to us just once.

President Martin stated that about 15 months ago, he had discussions with Mr. Boccuzzi and some other board members, Mr. Curtin and Ms. Brown, and discussed the potential combination of the Sewer Commission with the WPCA as well as the need to revise this section because it could be very impractical. The administration decided not to pursue the combination of the Sewer Commission and the WPCA, and therefore this matter was never rectified. President Martin stated the matter would be taken up after this year’s budget situation with the WPCA.

Said motion was rejected by unanimous voice vote.

14. F26.212 APPROVAL; of validation of the action to reject the WPCA Budget under Charter Sections C80-30-14.

Chair Skigen stated that the next motion would be to validate the action to reject the WPCA Budget under Charter Section C80-30-14. Chair Skigen moved the item; said motion was seconded and approved by unanimous voice vote.

05/03/03 – Submitted by Clerk Summerville & Rep. Nakian
05/19/03 – No Quorum
Chair Nakian stated that this matter was discussed thoroughly with the Deputy Corporation Counsel. At her suggestion, the Committee requested an opinion from Corporation Counsel as to whether the Board could take advantage of the state law that says you can publish an ordinance by publishing a summary of the ordinance or whether the Charter would restrict us from doing that. Chair Nakian requested that the opinion be submitted by the Steering Committee meeting.

2. LR26.029 RESOLUTION; concerning the levy of a special tax to be imposed on commercial vehicles and manufacturing machinery and equipment, per CT Public Act 03-2.
   05/08/03 – Submitted by Mayor Dannel P. Malloy

Chair Nakian stated that a discussion was held regarding LR26.029. That discussion is summarized in the committee report.

PERSONNEL COMMITTEE: Sanchia Spandow, Co-Chair
(Votes) Mary Lisa Fedeli, Co-Chair
7:00 p.m. – Democratic Caucus Room

1. P26.040 REVIEW; of labor contract negotiations.
   05/06/03 – Submitted by Co-Chairs Fedeli & Spandow
   05/28/03 – Report Made

Co-Chair Spandow stated that the Committee went into executive session to discuss labor negotiations.

2. P26.041 REJECTION; of a collective bargaining agreement with AFSCME Local #465, Registered Nurses Union for the period 7/1/02 through 6/30/05.
   04/28/03 – Submitted by Bill Stover
   05/08/03 – Positive Advisory by Board of Finance
   05/28/03 – Committee Defeated 0-8-1

REJECTED BY VOICE VOTE
(Rep. Skigen abstaining)
Co-Chair Spandow stated that Mr. Stover reviewed key provisions of the contract: the nurses will be exempt in classification except under certain circumstances; salary increases as a result of this agreement will be awarded July 2002, July 2003 and July 2004; the City will provide and pay for an optical plan; and life insurance policies of $50,000 will be provided.

The Pension changes are: employees will contribute 3% of their annual salary to the pension plan; after five years of service, the 3% will be contributed to the 457 plan. These provisions continue until such time as the CERF plan funding levels fall below 125% for three consecutive years.

Employees will now contribute to their insurance plan: immediately, 5%; July 1, 2003, 7.5%; and on July 1, 2004 it will increase to 10%.

The Committee voted unanimously not to reject the contract.

Chair Skigen stated he was recusing himself from this vote.

Co-Chair Spandow moved to reject the item; said motion was seconded and rejected by a unanimous voice vote.

LAND USE/URBAN REDEVELOPMENT COMMITTEE:
Patrick J. White, Co-Chair
Harry Day, Co-Chair

OPERATIONS COMMITTEE:
John R. Zelinsky, Jr., Co-Chair
Anthony Imbrogno, Co-Chair
(Report)
Meeting: Wednesday, May 28, 2003
7:00 p.m. – Republican Caucus Room

Co-Chair Imbrogno stated that the Operations Committee met on Wednesday, May 28, 2003. Present were Committee Member Reps. Adams, Coppola, Day, Fahan, Imbrogno, Zelinsky, Pavia, McDermott, O’Neill and White. Rep. Hunter was absent. Also present were Antonio Iadarola from Engineering and Michael King from Westhill High School.

Co-Chair Imbrogno stated that a report has been provided to all members.

Co-Chair Zelinsky stated that the Friday before the Operations Committee meeting of May 28, 2003, he faxed Mr. Barnes a memo with questions raised by the Committee and other representatives. Mr. Zelinsky stated he was disappointed that Mr. Barnes did not attend the meeting, and Ms. Bromley could not explain why he did not attend. Mr. Zelinsky asked Ms. Bromley to answer the questions in the memo, specifically, how much Stamford will pay the Norwalk Transit District to provide the transportation services to non-disabled seniors. Ms. Bromley said she did not know, that this matter was under discussion and she was not free to comment.

Co-Chair Zelinsky stated he asked Ms. Bromley when the Board of Representatives would receive the contract. Ms. Bromley responded that she did not know and that the Board would have to suspend its rules to vote on the contract at the July meeting.

Co-Chair Zelinsky stated that a reporter called him the morning after the meeting, and the reporter was told by Ms. Bromley that Stamford would pay the Norwalk Transit District was $148,500, and the agreement to provide the service is solid. Co-Chair Zelinsky stated that he is appalled that the Operations Committee could not get the answer to these questions the night of the meeting but that an Advocate reporter can get the answers the following morning (before 10:00 a.m.). Mr. Zelinsky stated it is not satisfactory that a city employee will not answer questions for the Committee but will for the news media. This should never happen again.

Mr. Zelinsky stated he asked Mr. Barnes to explain some of his (Mr. Barnes’) comments that appeared in the newspaper, noting that Mr. Barnes did not attend the meeting. Mr. Zelinsky continued: a representative asked at last month’s meeting whether the vehicles slated to be turned over to non-profits could be leased for a nominal amount. Ms. Bromley stated that this could happen. Mr. Barnes stated in the paper that it wouldn't be the first time that services were rendered before a contract was signed. Mr. Zelinsky stated that he finds that comment in complete disregard for our seniors and the ride that they may need. Mr. Barnes also stated he was not terribly concerned about the situation. Mr. Zelinsky stated that again he finds this comment outrageous that he is not concerned because he is not directly affected. Finally, Mr. Barnes stated that he hopes Mr. Zelinsky will be pleased with how this all works out, “although I don’t know that he will be.” Mr. Zelinsky stated that this was a personal insult to him, questioning how Mr. Barnes know what Mr. Zelinsky’s reaction will be.

Mr. Zelinsky stated that he hopes that the contract will be sent down in a timely fashion.
Upon motion duly made and seconded, the Consent Agenda, consisting of Item No. 2, was approved by unanimous voice vote.

PUBLIC SAFETY & HEALTH COMMITTEE:

(Attendance) Richard Lyons II, Chair
(G) Gail Clear, Vice Chair
(V) Meeting: Thursday, May 29, 2003
(E) 7:00 p.m. – Democratic Caucus Room

Chair Lyons reported that the Public Safety & Health Committee met on Thursday, May 29, 2003. Present were Committee Member Reps. Lyons, Clear, Adams, Coppola, DeLuca, Kernan, Mirkin and Zelinsky; Reps. DePina and Blackwell were absent; Rep. DeLeo was excused. Also present were Reps. Day and Imbrogno; Ben Barnes, Director of Public Safety, Health & Welfare; Tom Cassone, Director of Legal Affairs; Frank Fedeli, Citizens Service Supervisor; and Ralph Loomis for the Stamford Partnership.

1. **PS26.020** PROPOSED ORDINANCE; for FINAL ADOPTION & PUBLIC HEARING REPUBLICATION, regulating massage establishments.

   11/15/02 – Submitted by Rep. Lyons and John Mullin
   01/30/03 – Committee voted 7-0-0 to hold
   02/25/03 – Committee voted to Hold 8-0-0
   03/03/03 – Held in Committee
   04/07/03 – Approved for publication
   05/05/03 – Held in Committee
   05/29/03 – Committee approved to amend 8-0

   Chair Lyons stated that the Committee approved an amended version for a public hearing. The amended version will also allow the City to adopt fees to enforce this ordinance under a separate resolution. The amendments to the ordinance are on Pages 2, 3, 6, 14 and 18 in addition to the fees being stripped out of the ordinance and being set by resolution.
Rep. Day stated that he understands this ordinance is being approved for republication. Rep. Day stated he wants to register his extreme opposition to this ordinance. Rep. Day stated he does not oppose the objective of the ordinance, which is not to regulate massage therapy, but in reality is to get rid of sex parlors. Rep. Day stated that regulating state-licensed massage therapists is way over-reaching and an inappropriate way to go. In Stamford, we do not regulate lawyers, doctors, chiropractors, physical therapists or nurses, but yet now we are going to license massage therapists.

Rep. Day stated that getting a state license, which is a rigorous process, should be satisfactory. Mr. Day stated that a much more simpler, more effective and direct way of achieving the objective is possible, and he is in the process of drafting an alternative proposed ordinance. His ordinance will piggyback on the state license requirements and targets people who offer to provide massage therapy or massage services of any kind, without having obtained a state license to do so.

Rep. Day stated that in speaking of the oldest profession in existence, it isn’t going to be too long before we have an ordinance that deals with spas or aroma therapy services or anything else, once the word massage is corralled. The Board should zero in using the existing tools that we have in a much more targeted and precise ordinance.

Rep. Lyons stated that he respects Mr. Day’s objections to the ordinance, and in some regards the ordinance may be a little bit thicker than it should be. Rep. Lyons stated that this ordinance has been 18-20 months in the making, it has been thoroughly reviewed by the legal department and Ben Barnes, it has been drafted and reconciled each time after having heard from the massage industry. As far as the other occupations, we are pre-empted by state law from trying to regulate them on the local level, so that is not practical. Furthermore, the problem is with the establishments that practice massage with unlicensed practitioners. These are the only establishments that this ordinance is targeting. The private practitioner doesn’t fall under the ordinance. The problem lies with the State, because there are no civil or monetary or criminal penalties for practicing the occupation of massage therapy without a license. That is where the juxtaposition of issues lies.

Chair Lyons added that there is an article in the New Haven Register regarding Milford’s situation and what they are going through with these establishments. Chair Lyons will have all board members copied. He added that these establishments are owned by individuals with a lot of money and resources, they move crews of people in and out of different establishments; the police have tried many times to penetrate these organizations, and they experience high rates of failure when officers are recognized or have repeat visits. It is extremely expensive for the Police Department to try to do it. But, under the State Health Code, the Director of Health has very broad powers and purview, and that is
where this ordinance attempts to make it most solid and most effective – under the Public Health Code – not the Criminal Penal Code.

Chair Lyons stated he welcomed Rep. Day’s simpler version, and he expects more opposition from him. Chair Lyons stated there are many neighborhoods impacted by these establishments, and he simply wants to try to impair these types of establishments, not the legitimate massage industry for valid licensed practitioners.

Clerk Summerville stated that if the Board is not ready to publish this ordinance, we should reconsider as it is very expensive. She stated that she heard the Chair say he welcomed the shorter version, and if there is one, we should wait to vote for publication due to the cost.

Chair Lyons stated that while he said he welcomed Mr. Day’s version of the ordinance, the Committee is ready to move forward, having voted 8-0-0, and after numerous months of work, the Committee feels it is time to publish it.

Rep. Zelinsky stated that he agrees with Clerk Summerville, and it is a long ordinance. He did vote in committee to publish the ordinance, but he is not committed to voting for final adoption. He wants to get more public input. Rep. Zelinsky asked if the Committee could have a public hearing without publishing the lengthy ordinance, especially since no one knows what Rep. Day’s ordinance is.

President Martin stated that he does not know how to hold a public hearing without publishing an ordinance, so the Board must either vote to publish it or not.

Rep. Boccuzzi stated that this item has been on the agenda for quite some time, and this is a late time to come up with a new ordinance. Rep. Boccuzzi asked that the Board vote to publish the ordinance.

Chair Lyons moved Item No. PS26.020. Said motion was seconded and approved for republication by a machine vote of 33-2-0 (Reps. Benyus and Day opposed). (See RCS Vote Record No. 411.)

2. **PS26.026**  
APPROVAL: of a contract with M/A-Com, Inc.  
Enhanced Digital Access Communications System  
Radio System Equipment maintenance agreement;  
term of agreement 3 years.  
04/09/03 – Submitted by Mayor Dannel P. Malloy  
05/05/03 – Held in Committee  
05/08/03 – Approved by Board of Finance  
05/29/03 – Committee approved 8-0
Chair Lyons reported that the Committee had a lengthy discussion regarding PS26.027. The Committee agreed to re-look at the matter in sixty days.

4. PS26.029 REVIEW; of the Board of Education policies regarding classroom and school safety issues. 05/08/03 – Submitted by Rep. Mirkin 05/29/03 – Report Made

Secondary Committee: Education

Chair Lyons stated that unfortunately no one from the Board of Education appeared at this meeting. They notified the committee late that they were going to be unable to appear, and then subsequently the day after they notified us with some confusing information as to when they were notified.

Upon motion duly made and seconded, the Consent Agenda, consisting of Item No. 2, was approved by unanimous voice vote.

PARKS & RECREATION
COMMITTEE: Linda Cannady, Co-Chair
(Attendance) Steve McDermott, Co-Chair
(Votes) Meeting: Tuesday, May 20, 2003
(Report) 7:00 p.m. – Democratic Caucus Room

Co-Chair Cannady reported that the Parks & Recreation Committee met on Tuesday, May 20, 2003. Present were Committee Member Reps. Cannady, McDermott, Fedeli, Giordano, Imbrogno, Lyons, McCullen, Morrow, Pavia and White; other representatives present were Ms. Summerville and Mr. Zelinsky.

1. PR26.044 REVIEW; policy of limiting 13 year old Babe Ruth teams to two games per season at Cubeta Stadium. 05/07/03 – Submitted by Reps. Zelinsky & Cannady 05/20/03 – Report Made

Co-Chair Cannady stated that an overview of the policy was given by Frank Fedeli; the item was then discussed at length. Rep. Zelinsky had pointed out that the 13 year olds were playing more games for the past couple of years. The
Committee was informed that there was a Twilight League, and they don’t always use their scheduled time. The final outcome was that the persons involved will present their concerns and requests to the Parks & Recreation Commission to see if it is possible to increase the number of games for the 13 year olds.

Rep. Zelinsky gave the history of the complaint, citing the general regulation that precludes 12 year olds from playing at Cubeta Stadium and limits 13 year olds to two games. Rep. Zelinsky stated that this policy is fifteen years old. After the meeting, Rep. Zelinsky stated that he followed up with Mr. Fedeli by asking this item be placed on the Parks & Recreation Commission’s agenda, but he has not heard back. Rep. Zelinsky stated he telephoned Chairman Corelli about the request, and Mr. Corelli said that the Parks & Recreation Commission has already met on this matter and will not revisit the item. Rep. Zelinsky stated he is extremely disappointed at the outcome.

Rep. Lyons stated that this was a matter for the Parks & Recreation Commission, and that until the Charter is changed, this Board should not meddle its affairs with those of other commissions.

Rep. Zelinsky stated that for the record, parents of 13 year olds were distressed and did not know where to turn. Mr. Zelinsky stated that he doesn’t consider this meddling when it affects residents and their children. This item was requested to bring the two sides together in the spirit of compromise. He said he was in no way going to demand that the Parks & Recreation Commission do anything, but just review the matter. He stated that he feels we have an obligation when something affecting the residents is brought to a board member’s attention, that the item be brought to the Board if it is a City matter, not a district matter.

Co-Chair Cannady stated she would read the end result of this item again: “The final outcome was that the persons involved would present their concerns and requests before the Parks & Recreation Commission to see if it is possible for 13 year olds to be scheduled for more games, if it won’t cause any problems with overuse of the field or conflict with other needs. Rep. Summerville made it clear that the Committee’s intention was to get an understanding of the policy.”

2. PR26.045 REVIEW; of city’s major parks including conditions and improvement plans.
05/07/03 – Submitted by Reps. Morrow & McDermott
05/20/03 – Report Made

Co-Chair Cannady stated that a listing of capital improvements was distributed. Specific problems were discussed at the parks. The outcome was that Rep. McDermott relayed a clear message that in light of inadequate funds, preventive maintenance projects should be emphasized.
Rep. White stated that a lot of the problems are a lack of planning by Parks & Recreation because their whole thrust is active recreation and sports, and little attention is paid to passive recreation. Rep. White stated that he is opposed to parks, especially in the southern part of Stamford, being carved up and fenced off and lighted for playing fields. He stated that the Parks & Recreation Commission should take this into consideration.

3. PR26.046 REVIEW; PROPOSED ORDINANCE; for publication; creating a Harbor Management Commission as defined and authorized under Connecticut General Statutes. 05/07/03 – Submitted by Rep. Lyons 05/20/03 – Held in Committee 7-0-0 (item changed to Review)

Co-Chair Cannady reported that Rep. Lyons had all the information on this item and would see to it that it was fully researched and submitted to the Law Department. Until the item is completed, Rep. Fedeli moved to hold the item with wording being corrected to read: “Review” rather than a “Proposed Ordinance.”

President Martin stated that at Steering, the issue of the responsibilities of the Parks & Recreation Commission vs. the Board of Representatives was brought up. He had a conversation with Mr. Cassone, and the quick and brief story is: when it comes to fees, the Board of Representatives sets fees. It has total jurisdiction over fee setting. Having said that, the Board should speak to the Parks & Recreation Commission about their fees and look to them for recommendations. With regard to park policies and regulations, park policies and regulations are set by the Commission, but do not become approved until we approve them.

Rep. Lyons stated that we can only accept or reject the policies and regulations they send down. President Martin stated that is correct.
