

*The Regular Meeting of the 26<sup>th</sup> Board of Representatives of the City of Stamford will be held **Wednesday, April 7, 2004** at 8:00 p.m. in the Legislative Chambers of the Board of Representatives in the Government Center, 888 Washington Boulevard, Stamford, Connecticut.*

# Minutes

**CALL TO ORDER:** The meeting was called to order at 9:20 p.m. by President David Martin.

**INVOCATION:** Given by Rep. Terry Adams

“Dear Lord, we are coming to You on this day for Your guidance that we need to make this a good and fruitful meeting. Please keep my fellow members and my self praying here tonight under Your loving care. Speak to our hearts, heavenly Father, giving us words of wisdom so that we will do the right and fair and just thing. We praise Your name and have faith in Your mercy and kindness. Thank You, Lord, for being our master and giving us guidance. Amen.”

**PLEDGE OF ALLEGIANCE TO THE FLAG:** Led by President of the Board David Martin.

**ROLL CALL:** Conducted by Clerk of the Board Annie M. Summerville. There were 38 members present and 2 members excused (Reps. DePina and Skigen).

**VOTING MACHING STATUS:** The machine was in good working order.

**MOMENTS OF SILENCE:** For the late:

Ida J. McCarley, by the 26<sup>th</sup> Board of Representatives; Robert J. Kanzler by Rep. Boccuzzi; Anthony Pagano, Sr., by Reps. Boccuzzi and Zelinsky; Rev. Vladimir

Andrushkiw, George Robinson, William Allen Blank, Deborah Johnson and Ramon A. Serbia by Rep. Loglisci; Raymond P. Dalesio by Reps. Giordano and Zelinsky; Bettye J. Bruckman, John J. Hurley, Jr., Joseph J. Pellegrino, Sr., Frances Spector and John J. Boesen by Reps. Giordano, Zelinsky and Loglisci; Palma C. Mammone, Peter J. Gianokos, Levio Vitti and Betty Ieva by Reps. Loglisci and Zelinsky; Joseph M. DeLuca, Rosemarie Ragakos and Cosimo Scicchitano by Rep. Zelinsky.

President Martin stated that we have an overflow crowd this evening. The Fire Marshal is controlling the number of people that can be in this room, there is an overflow crowd in the cafeteria. The voting machine is not displayed in the cafeteria, however, the sound is connected. President Martin asked the guests to refrain from moaning and cheering on all comments to keep the meeting going along smoothly.

Rep. Zelinsky moved to suspend the rules to take up an item appearing later in the agenda. Said motion was seconded and approved by unanimous voice vote.

Upon motion duly made and seconded, Item No. 1 above was approved by unanimous voice vote.

President Martin invited Alex Behzard to the podium. President Martin read and presented the resolution to Alex Behzard. Alex Behzard thanked the Board of Representatives for the honor.

Rep. Loglisci moved to suspend the rules to take up an item not appearing on the agenda. Said motion was seconded and approved by unanimous voice vote. President Martin called for nominations for the vacancy on the Board of Education created by Nicola Tarzia's recent resignation. Majority Leader Loglisci nominated Charles Conway; said motion was seconded. Rep. Loglisci stated that Mr. Conway is very involved with Safe Kids of Stamford, he ran in the last election for the Board of Education. His background is involved with health and children, and he feels he will be a positive addition to the Board of Education.

President Martin confirmed with Mr. Loglisci that Mr. Conway is a registered Republican who resides in the City of Stamford.

President Martin closed the nominations and called for a vote on the appointment of Mr. Conway. Mr. Conway was approved by unanimous voice vote. President Martin administered the oath of office.

Rep. Lyons moved to suspend the rules to take up an item not appearing on the agenda. Said motion was seconded and approved by unanimous voice vote.

Rep. Lyons stated that on April 5, 2004 there was a letter transmitted by 26 Representatives to the Hartford legislators. This resolution will encompass that letter into a resolution by the entire Board of Representatives. Rep. Lyons read the resolution into the record (see attached for copy of resolution).

Rep. Lyons moved the resolution; said motion was seconded.

Rep. Greenberg stated that his name was left off the resolution and asked that his name be added to the resolution. Rep. Lyons stated there are currently 27 names on the list, and after the machine vote, anyone who votes in the affirmative will be added to the resolution.

RESOLUTION; in support of a legislative Special Act regarding property revaluation.

**APPROVED BY  
ROLL CALL  
VOTE (38-0-0)**

Rep. Lyons moved the resolution; said motion was seconded.

Rep. Mirkin stated that it is good to see that many residents have come out to speak their mind, and he hopes that when it comes time to vote on budgets in the future that residents understand that revaluation is certainly one driver of taxes, but Stamford has been through a 7% tax increase two years ago, 10% the current fiscal year and a proposed increase of 5% this year. The revaluation every four years is certainly a driver in determining the shifts from commercial to residential, but he hopes to see the same passion of this group demand that the members of the Board of Representatives reduce the budget because he looks at this as the call that has woken up the citizenry of Stamford. Rep. Mirkin stated he has lived here for thirteen years, and this is probably the most vocal he has seen members. Now, certain neighborhoods are more affected than others, and the last time around it was the revise.

Rep. Mirkin stated that his signature was not on this resolution, but he did take the time to telephone members of the State delegation with the simple question: "what do you think the likelihood that the full legislature will do something for Stamford." He stated that he was not encouraged by what he heard. He heard comments that the legislature probably doesn't have the appetite to treat Stamford in isolation compared to the rest of the state. If the Board goes ahead and votes for this, we have taken the time to pursue this option, but he doesn't want people to think that it is an automatic because this is sent to the State.

Rep. Esposito stated he re-affirms Mr. Mirkin's statements. He whole-heartedly supports this resolution, but this is no guarantee that the State legislature will pass this. He encouraged the public and anyone who is interested to contact the democratic and republican caucuses in Hartford and display this type of unity. The legislators from Stamford are a terrific delegation – both republicans and democrats – and they will work hard for this, but they are only six votes and there are 175 members. So, they need to contact the caucuses, let it be known that there are a lot of people behind this. Mr. Mirkin is absolutely right in that the perception in Hartford is that Stamford doesn't need these kinds of breaks, and it has been taking 30-40 years to try to convey otherwise to them and it is a very tough sale because those people never come down here and they don't see it.

Rep. DeLuca stated that in reviewing the emails received and the comments at the public hearing; he is annoyed with threats to vote members out of office; when they criticize members for abstaining without a knowledge of the process (e.g., to wait for more information). Rep. DeLuca stated he has not seen any evidence as to errors in the revaluation such as the case was in Westport. The last revaluation was delayed by Mayor Esposito and the residents got hit with a tremendous tax increase, and this same thing happened in Norwalk. There is no guarantee this will happen in the future.

Rep. Mirkin stated that the President has asked the members of the audience to demonstrate respect and to comport themselves with proper behavior. While some members of the audience may not agree with what a representative said, but he can hear inappropriate comments from the audience. All people, audience members and representatives, are entitled to their opinions and members of this Board should feel free to speak their mind. Rep. Mirkin asked the president to remind members of the audience to please be courteous to speakers of this Board. The President asked the audience to be respectful in that manner.

Rep. DeLuca asked the President to remind people in the audience that the meeting starting at 9:30 p.m. is not that late. The Board has started at that hour before, and members had business to discuss in caucus. The Board members have a job to do and take pride in what they do.

President Martin stated that he does not want this to become a debate between the audience and members of the Board of Representatives.

Rep. Loglisci stated that the fact that the State tried to avoid huge increases in revaluations by going to the four year revaluation from ten years. Unfortunately, the pattern has been that this four-year revaluation has ended up accomplishing the opposite – moving the burden more quickly, due to the methodology of the revaluation, to the homeowners and condominium owners. We hope that the State understands that their actions have necessitated our actions. This Board

also has moved to enact a three-year phase-in in case the desired result is not achieved.

Rep. Zelinsky commended Rep. Lyons for his work on this effort. He also encouraged audience members to telephone our local delegation as well as state senators and representatives throughout the state.

Rep. Day stated that this Board does not have the power or authority to reject the revaluation.

Rep. Lyons stated that no one is under the illusion that the mere passage of this resolution will cause 169 municipalities represented in Hartford to come to Stamford's aid. It is clear that more lobbying will be necessary by residents and the politicians of this City to effect property tax change, whether it is through postponement or through some legitimate property tax reform between now and any postponement that is granted. He also stated that this is not a single neighborhood driven issue. This is a city-wide issue that affects widows, senior citizens, residents, single families, multi-families, commercial property owners. The property tax laws of this State are very antiquated and affect unfairly people who own homes in certain sections of the State by improperly penalizing them in funding their local government.

Rep. Pavia stated he was not originally on the list to approve the resolution. He added that another frustration on the part of the people here tonight is the spending that takes place in the City of Stamford. He goes on record as saying that the levels of increases over the past years have exceeded the cost of living increases by wide margins. Right now the revaluation issue is the hot topic, but it is only one component of the overall taxation in the City of Stamford, and it has to be clearly illustrated that there are housekeeping issues with regard to this.

Rep. Pavia added that there will be significant consequences if this isn't quickly handled. If Stamford fails to get any concurrence by the Legislature within the next thirty days, there is a Charter mandate that says that revaluation in the City of Stamford must take place every five years. This was approved by referendum in 1995, so the Board must look at that issue as well as to how we deal with a postponement.

There are over 40,000 individual real properties in the City, and all are affected by the revaluation. Bills go out mid- to end June, and any postponement beyond a reasonable date of perhaps 30 to 60 days will result in not having tax bills sent out in time. If they don't go out in a timely fashion, the city can't function because it doesn't have the revenue to do so. He stated he will endorse the effort tonight, but it doesn't end there – we have to move further and quickly.

Rep. Lyons stated that our charter is a special act of the legislature that goes back many years, and Corporation Counsel advised him that every tie there is a

special act by the legislature that deals with a prior special act, the most recent special act will supercede it. So, if a special act was granted relative to revaluation, that would pre-empt the language regarding revaluation in the Charter. Also, the legislature's calendar is very full and they adjourn in three weeks. They don't have a lot of time to hold this item, so he expects to get a quick answer. No one is looking to impede the tax assessor's office, but it is incumbent we exhaust every possible legislative remedy before we worry about whether the tax bills arrive on time or not.

A motion was made to conduct a roll call vote; said motion was seconded.

Rep. Day stated that under Robert's Rules, it is a legitimate motion to have a roll call vote and that is the end of the issue. The motion was approved by a machine vote of 22-16-0 (See [RCS Vote Record No. 483.](#))

Clerk of the Board Summerville stated that this Board has always had a roll call vote. This was already established in 1978 when she joined the Board. If our rules have changed, she believes everyone should be made aware of such a change. She stated that the purpose of a roll call vote was to allow the public to hear an acknowledgement of each representative's vote.

President Martin asked the Clerk to call the names. Tellers will be Representatives Fedeli and Lyons.

Clerk of the Board Summerville conducted the Roll Call Vote: Adams-aye; Benyus-aye; Blackwell-aye; Boccuzzi-aye; Browne-aye; Cannady-aye; Clear-aye; Coppola-aye; Day-aye; Pia-aye; DeLuca-aye; Esposito-aye; Fahan-aye; Fedeli-aye; Figueroa-aye; Giordano-aye; Greenberg-aye; Hunter-aye; Imbrogno-aye; Kernan-aye; Loglisci-aye; Lyons-aye; Martin-aye; McCullen-aye; McDermott-aye; Mirkin-aye; Mitchell-aye; Molgano-aye; Morrow-aye; Nakian-aye; Nowakowski-aye; O'Neill-aye; Pavia-aye; Shapiro-aye; Spandow-aye; Summerville-aye; White-aye; Zelinsky-aye. The vote was approved by a vote of 38-0. Both tellers concurred with the vote – 38 in favor; 2 not voting.

President Martin stated that some of the discussion this evening has touched upon some of the complications here. We cannot afford to wait for the Legislature to act and then for us to consider the legal, financial and operational difficulties and then make a decision. If we wait, in fact, as long as next month, the administration is going to have a hard time dealing with this issue. The President stated he would work in parallel to make sure we have a resolution on the legal issues that we have internally as well as the operational issues that may be of concern. This will be difficult with the Fiscal Budget, the Charter Review process and the Urban Transitway issue – this is a very busy month. President Martin stated a special meeting may be needed if the State Legislature passes a resolution.

Rep. Lyons stated that the Speaker's Office has relayed the urgency with which it needs the resolution forwarded to it, and he requested that the Board Office immediately forward this resolution tomorrow morning to the State Legislature. Rep. Lyons offered assistance in getting facsimile numbers and email numbers.

Clerk of the Board Summerville assured him it would be sent out first thing in the morning.

Rep. DeLuca moved to suspend the rules to take up an item not appearing on the Agenda. Said motion was seconded. Rep. DeLuca explained that this would also be sent up to the legislators and it was regarding allocation of state funds for education. Rep. DeLuca stated that it basically says we are facing big tax increases, we are not getting our fair share of state funds for education, and we want them to approve an increased allocation.

*Suspension of Rules:*

Chair Esposito moved to suspend the rules to take up an item not appearing on the agenda. Said motion was seconded. Chair Esposito stated that Mr. Gordon would be considered for appointment as a temporary member to the Tax Assessment Board of Appeals. Said motion was approved by unanimous voice vote.

|------------|---|--|

Chair Esposito stated that on February 7, 2000, during the last revaluation, the Board approved a temporary member to the Board of Assessment Appeals simply because the volume of appeals is overwhelming. The administration has requested this temporary appointment so that this backlog can be handled.

Chair Esposito stated that Mr. Gordon is a registered Democrat who has worked in this field, a Stamford resident since 1959, a homeowner for over 40 years, has a Bachelor's Degree from MIT, is knowledgeable about assessed valuations, appraisals and mill rates.

Chair Esposito moved Item No. A26.135; said motion was seconded.

Rep. Zelinsky asked whether the Appointments Committee has interviewed the candidate, and upon learning that they had not asked whether this has ever been done before. Chair Esposito stated that he does not recall if an interview was conducted when this was done in the past in 2000. Chair Esposito added this situation is an emergency, and if the Board goes through the process of interviewing, by the time he is approved he will no longer be needed.

Rep. Zelinsky stated he knows Mr. Gordon personally and he is sure he will do a fine job, but he is concerned about setting a precedent for future appointees.

Rep. O'Neill asked whether this position is recognized by our Charter. President Martin stated he has not read the Charter regarding this, but there was a precedent in the past, and if the Charter does not allow a temporary position to exist, then he would not be appointed, despite the Board's action.

Rep. Nakian stated that it is not in the Charter, but there was an ordinance passed at the time of the last revaluation to add an extra member to the Board to handle the extra work during a revaluation year.

Chair Esposito stated that this position will be for one month.

The motion was approved by a unanimous voice vote with Reps. Fahan and O'Neill abstaining.

Chair Nakian moved Item No. LR26.047; said motion was seconded. Chair Nakian reported that it was brought to her attention this evening that the fine was not changed to \$90 from \$100. Chair Nakian moved to amend the ordinance by changing the fine from \$100 to \$90; said motion was seconded and approved by unanimous voice vote.

Chair Nakian stated that the ordinance provides two things: 1) a city landing facility at an undetermined location to be used only in case of a) a city-declared emergency, b) an emergency dealing with Homeland Security or c) a medical emergency. This would be controlled by the City, would be located on public property and would not allow for any other use of the facility. The second part of the ordinance is allowing a hospital that has a Level II trauma center to apply to the Zoning Board for approval of a heliport landing zone. This ordinance only allows the hospital to make application. Currently, the Zoning Board can grant a permit for anything, there is a city ordinance that says regardless of that there are no landings in Stamford, and we would be removing that.

The Committee felt that this was something that we should move on quickly, while it is hopeful there is no need, in this day and age anything is possible, and the Committee did feel there were enough possibilities of its use that it is something we should act on quickly. Chair Nakian moved to adopt for publication; said motion was seconded.

The main motion was approved by a machine vote of 33-3-0 (Reps. Figueroa, Lyons and White opposed) (See [RCS Vote Record No. 485](#)).

Rep. DeLuca stated that members of Local 1199 that are in attendance this evening will have an opportunity to have their opinions heard at the upcoming public hearing on this ordinance.

Rep. Zelinsky stated that this ordinance would not affect the members of the union and does not apply to hospital property. The ordinance is needed and it would not have any implications on the negotiations between the hospital and the union.

9. [LR26.057](#) REVIEW; of Chapter 117 of the Code of Ordinances, Enterprise Zone. **HELD IN COMMITTEE**  
03/01/04 – Submitted by Reps. Greenberg & Browne  
03/22/04 – Held in Committee

Chair Nakian stated that Mr. Freimuth was unable to attend due to a family emergency, and the item was held.

Chair Nakian moved the Consent Agenda, consisting of Item Nos. 1 through 3 and 5; said motion was seconded and approved by unanimous voice vote.

Suspension of Rules:

Chair Nakian moved to suspend the rules to take up an item not appearing on the Agenda; said motion was seconded and approved by unanimous voice vote.

10. [LR26.61 Schedule](#) RESOLUTION; establishing a schedule of qualifying income and corresponding tax abatements and deferrals under Section 220.9.1 of recently-enacted Ordinance No. 1023 – Concerning Senior Citizen Tax Relief Program. **APPROVED BY UNANIMOUS VOICE VOTE**  
03/22/04 – Submitted by L&R Committee  
03/22/04 – Committee Approved 6-0-0

Chair Nakian moved Item No. LR26.061. Said motion was seconded.

Chair Nakian stated that when the Board approved the ordinance changing the senior citizen tax relief program, we said that the tax assessor would annually set a schedule which would then be approved by the Boards of Finance and Representatives. Mr. Forker has submitted such a schedule, it has been approved by the Board of Finance, and it is now in front of our Board. The Committee approved it 6-0-0.

Said resolution was approved by unanimous voice vote.

Chair Nakian added that while the schedule was approved, it was the feeling of the Committee and Mr. Forker that it really would be better if Stamford could develop a good tax deferral program so that people would opt for the deferral program. If the benefits in the deferral program were more realistic, this would be funds that the City would eventually get back rather than every year giving it out in tax abatements. The Committee will look into this at the beginning of the next fiscal year.

Co-Chair White reported that the Land Use Committee met on Monday, March 29, 2004. Present were Committee Member Reps. White, Day, Boccuzzi, Summerville, Benyus, Boccuzzi, Mitchell, Greenberg, Nakian and Shapiro. Absent were Committee Member Reps. Zelinsky and Spadow. Also present were Reps. O'Neill, Adams and Browne; Tom Cassone; Rachel Goldberg; Timothy Gooding, architect for River House; Steve Osman, URC; Rick Redniss; Robin Stein, Land Use Bureau Chief.

1. [LU26.049](#)      PROPOSED ORDINANCE; **for publication;**      **HELD IN**  
amending Chapter 146 of the Code of Ordinances      **COMMITTEE**  
to provide a fine for property owners with illegal  
units within their dwellings.  
01/06/04 – Submitted by Rep. DeLuca  
01/27/04 – Meeting Cancelled  
02/17/04 – No action reported  
03/01/04 – Report Made  
03/29/04 – Held in Committee 9-0-0

The Committee discussed this item and learned that the City already has a mechanism for enforcing zoning and that an ordinance is not needed. Co-Chairs Day and White felt that the Zoning Enforcement Office has to be properly funded to enforce zoning regulations. The Committee wants to hear from Dr. Lee, and therefore the Committee held the item.

2. LU26.048      PROPOSED ORDINANCE; **for publication;**      **NO ACTION**  
amending Chapter 88 of the Code of Ordinances,      **TAKEN**  
Demolition Ordinance to expand the list of  
organizations eligible to object.  
02/17/04 – Submitted by Renee Kahn/Harry Day  
03/29/04 – No action reported

Co-Chair White reported that this was submitted by Renee Kahn, and after discussing it with Tom Cassone, the Committee learned that under State Statute a municipality must have a specific geographic boundary – you cannot have an organization for the whole City. The Committee believes that there is currently proper notification. The Committee will recommend that this matter be removed at the next Steering Committee meeting.

3. [LU26.051](#)      RESOLUTION; for a proposed amendment to the      **APPROVED**  
[Resolution](#)      Mill River Corridor Urban Redevelopment Plan.      **ON CONSENT**  
02/25/04 – Submitted by Rachel Goldberg      **AGENDA**  
03/29/04 – Committee approved 7-0-2  
03/30/04 – Approved by Planning Board

Co-Chair White stated that this came up because it is considered a major change within the district. This is concerning property on Broad Street just inside the Mill River district. A private developer will be used to develop the housing. Reps. Summerville and Mitchell confirmed that a private developer will be developing this housing, with 12% of the housing being considered affordable. However, the developer's view of affordable is not really affordable. Their passion and their commitment along with Rep. Adams is that there are plenty of people that need housing, and this housing does not necessarily fill the needs of those individuals. Other representatives believe that the project is otherwise quite sound and is a way to get some housing established in the area.

There was a separate issue concerning this brought up by Mr. Osman regarding setting aside housing for Stamford employees who are handicapped, and Rep. Adams made it clear that as long as you are a resident, affordable housing should be non-discriminatory. Since this matter was not on the agenda, it was not considered by the Committee.

4. LU26.047      REVIEW; of the feasibility of instituting an architectural review board or commission as part of the land use permitting process.      **HELD IN COMMITTEE**  
11/14/03 – Submitted by Reps. Browne & O'Neill  
12/22/03 – Held in Committee  
01/05/04 – Held in Committee  
01/27/04 – Meeting Cancelled  
02/17/04 – No action reported  
03/01/04 – Report Made  
03/29/04 – No action reported

Co-Chair White reported that Rep. Browne gave background on architectural review boards and state statute, their structures within various municipalities. He gave a history of the issue in Stamford, and he indicated that a charter change would not be necessary. The Committee decided that a lot of work would need to be done, and additional meetings with land use boards will be necessary. No action was taken.

Co-Chair White moved the Consent Agenda, consisting of Item Nos. 1 and 3; said motion was seconded and approved by voice vote (Rep. McDermott abstaining).

DeLuca<br/> 03/18/04 – Committee approved 4-0-0</p> | <p><b>FAILED BY<br/>MACHINE VOTE<br/>(0-36-0)</b></p> |
|---|---|

Vice Chair Fahan moved Item No. T26.050; said motion was seconded.

Vice Chair Fahan stated that this is a proposed increase of \$35 to \$70 for Class II and a proposed increase from \$55 to \$90. The reason for these increases are several: 1) a tough budget cycle this year; 2) the administrative towing fee has not been successful at all. The City has not collected any monies from it, and Item No. 1 is a way to make up that loss of revenue. The City needs to take austerity measures in the City, and while this may not be popular, it is preferable to raising taxes.

Rep. O'Neill stated that he believes that this concept of using one ordinance to raise money for another ordinance that doesn't happen to be collecting revenue is a case of faulty logic. In the first case, the fees for parking illegally are already adequate. In the second case regarding the administrative towing fee and its inability to collect fees, the entire ordinance should be reviewed so that it can be corrected properly, not piecemeal.

Rep. Esposito stated that he is appalled that a request to repeal the administrative towing fee is coming before this Board. Rep. Esposito stated that Mr. DeLuca and his committee worked for months and months, with many drafts, a considerable amount of time was expended by the Law Department, the Board expended a considerable amount of time, and it didn't work simply because the Police Department simply didn't want to collect the fees. The Police Department was at the public hearings, and no one thought to say that they weren't going to collect the fees anyway. The Stamford Police Department is one of the highest paid police departments in the State of Connecticut, and it wouldn't collect the fees after all of the work of putting this ordinance together.

Rep. Boccuzzi concurred with Mr. Esposito's comments.

Chair DeLuca stated that there were numerous hearings on this ordinance, and back in January he received a call from Pete Privitera saying there was a problem enforcing this ordinance. One of the reasons for the meeting was that Captain Tomlin suggested that the majority of the cars that were towed were not redeemed, and most were junk cars. Trying to collect the fee from the abandoned cars was not feasible. Another reason for the repeal was that the police were having trouble collecting the fee from injured parties in accidents. The compromise arrived to was to add the \$35 fee to the Class II and Class III fines, because they are towable violations. Chair DeLuca stated that he agrees that the police have not been doing their job and basically have refused to do their job by not complying with the ordinance that was passed. Police officers attended the meetings, their questions were answered, and they even had the Cashiering & Permitting Office manage the program.

Chair DeLuca stated that Vice Chair Fahan ran a good meeting, and if the president wants to send a letter out saying that he wants the Police Department

to enforce the administrative towing fee ordinance and reject Item No. 1 on the agenda, he would be amenable to that.

Rep. Day stated that he objects to the primary reason for raising these fines as provided here, which is to raise revenue. Rep. Day stated that there must be a public policy reason for raising these fines, not just to raise revenue. The reason for a fine or raising a fine is to encourage or deter particular types of conduct; the fact that it happens to raise revenue is helpful in enforcing the regulation, but that should not be the primary purpose.

Rep. Lyons stated that he, too, concerns with Rep. Day about the intentions of this. He also has trouble with setting a precedent whereby one ordinance is not working and the Board then looks to another catchall to make up for the deficient ordinance. An analogy would be the false alarm ordinance isn't working and they are behind in the billables, so let's increase the penalty on massage parlors. He would also never support taking the Class II and III parking fines and increase them by 100%. While driving through the East Side or the South End, or any other older industrial neighborhood and highly residential streets, where there is basically single-lane traffic, you have parents dropping kids off, school buses backed up, and you have parents getting \$70 tickets. A person making \$8 an hour for over eight hours, this is over one day's pay. Unless he sees a more comprehensive traffic management plan in some of these neighborhoods that would be most affected by these tickets.

Rep. Shapiro stated he didn't support the towing fee in the first place, and he certainly has no problem in getting rid of it, and he has not supported any of the increases in the parking ticket fees, and he won't support these as well. Rep. Shapiro stated that it used to be that we were nickel-and-diming people in this town, and now we are doing more than that. Fifty percent increases, 100% increases, and he believes it is the Board's job to make this town a little more livable, to make people's hectic lives a little bit better, their lives a little more under control and to improve the quality of life. He understands there is a need for revenue, but the amount of annoyance, inconvenience and bad will generated by things like this is not worth whatever dreams of revenue they can have, and quite frankly, the realities of the revenue are quite slim. Rep. Shapiro stated that this is just a bad idea all the way around, and the Board should just turn it down every time it comes up.

Rep. Zelinsky stated that if this revenue is going to be raised by giving tickets to people who do not live in Stamford and who are doing all of these illegal things, he would certainly vote in favor of it. But, in this particular situation, as mentioned by others, to start raising money on the backs of those dropping children off at school or parking their car for a moment or two and having to get whacked by a ticket...and these fines are starting to look, God forbid, like New York City. Rep. Zelinsky stated he would urge his colleagues to vote against Item No. 1.

Rep. Cannady stated that in her district, there is no coordination between the street sweepers and the police, and tickets are issued. The Class II parking tickets are given out in these scenarios, and she will not support a further burden on her constituents.

Vice Chair Fahan stated that it is important for the residents of the City of Stamford to know that they have an administrative appeal as well as a right to a public hearing. As a former appointed traffic hearing officer for four years, it is a very fair process.

The item failed by a machine vote of 0-36-0 (See [Vote Record No. 486](#)).

Vice Chair Fahan moved Item No. 2; said motion was seconded.

Rep. O'Neill moved to return the item to committee; said motion was seconded.

Chair DeLuca recommended that the Board simply reject the item, and he will notify the Police Department of the Board's rejection and that the Board wants the Police Department to enforce the existing ordinance.

Rep. O'Neill withdrew his motion to hold; the President called for any objections to the motion to hold and none were noted.

Rep. Lyons suggested to Rep. DeLuca that he might want to recommend this get moved in with false alarm billings, under Lisa Reynolds, if the Police Department is still not getting the billings collected.

The item failed by unanimous voice vote.

President Martin asked Messrs. DeLuca and Fahan to draft a letter regarding Item No. 2. President Martin also stated he heard of some operational issues regarding issuing tickets in the East Side and the South End and requested Ms. Cannady and Mr. Adams (and others) draft a letter or work with the Board Office to compose such a letter.

Vice Chair Fahan stated that Sandra Goldstein is not ready at this time to submit the plan for review. Her Board has not seen it, and it has not been approved by the Traffic Advisory Committee. There are three objectives to the plan: 1) make Stamford a more hospitable place for pedestrians; 2) to increase and/or decrease parking spaces where appropriate and 3) attempt to make parking fees as uniform as possible throughout the city.

President Martin confirmed that this is a DSSD master parking plan.

## SPECIAL COMMITTEES

**CHARTER COMMITTEE: Maria Nakian, Co-Chair**  
[\(Attendance\)](#) **Robert “Gabe” DeLuca, Co-Chair**  
[\(Report\)](#) Meeting: Thursday, March 18, 2004  
7:00 p.m. – Conference Room #1

Co-Chair Nakian reported that the Charter Committee met on Thursday, March 18, 2004. Present were Committee Member Reps. Lyons, Fedeli, Day, DeLuca and Nakian. Also present was President of the Board David Martin.

1. APPROVAL; of the [draft report](#) of the 16<sup>th</sup> Charter Review Commission. **REPORT MADE**  
03/08/04 – Submitted by Steering Committee  
03/18/04 – Report Made

Co-Chair Nakian stated the Committee went through the Charter and identified any other areas that needed further study. If anyone else had any input, the Committee would appreciate it. The Committee will hold a public hearing on the 21<sup>st</sup>, and the Draft Report will be voted upon at the May meeting.

Rep. Fedeli asked whether the Charter Revision Commission will be in attendance at the meeting of the 13<sup>th</sup>. Chair Nakian stated that they were invited to the meeting.

Rep. Zelinsky stated that he does not enjoy saying and wishes he did not have to say it, however, he sincerely believes it must be said. When he found out that the Charter Revision Committee was going to meet on March 18, and found out he had a long-standing commitment, he did telephone both co-chairs and ask if they would be voting on the stipend issue. He was told they would probably not be voting. He also faxed a letter to the Board Office the day of the meeting asking that the Committee not take any votes as he had some valuable information regarding the stipend issue.

Rep. Zelinsky stated that when he read in the paper the following day that a vote was taken against the stipend issue, he was shocked and appalled. This is an insult and a personal disrespect to a fellow representative. The five representatives present that evening had a total disregard of his request not to vote on this item until another meeting when he could attend and offer valuable information.

One of the co-chairs was quoted in the newspaper as stating that they were not looking for a paycheck, found it embarrassing and didn't want to antagonize the voters. Rep. Zelinsky stated that no one is looking for a paycheck and he doesn't see how it could antagonize the voters if they are allowed to vote on this issue. The original memo, dated January 21, 2003, said that the recommendation was

to explore amending the charter to allow a stipend or expense allowance to the members of the Board of Representatives effective December 2005. The voters should be allowed to vote yes or no. Rep. Day stated that most of the people he had spoken with are opposed, and Rep. Zelinsky wonders how many of the 57,000 voters he actually spoke to. Rep. Zelinsky stated he was surprised that Mr. Day agreed to include his name on the original request. Rep. Fedeli stated she has no desire to receive a stipend. Rep. Zelinsky wonders if these representatives are afraid the voters may vote yes on this question. If the voters do vote yes, those representatives are not forced to take it. There is nothing wrong in a true democracy to let the voters vote on this item.

Rep. Zelinsky stated it is strange is that other items, such as the board of education issues, which were described as being more controversial, required more time. This was the only item singled out to not let the public come to a public hearing to discuss this issue.

Rep. Zelinsky stated he knows he cannot go back, but he hopes that this situation does not occur again when a fellow representative asks for cooperation from committee chairs that they would be honored in that request.

Rep. DeLuca stated that the other items were not voted on because they were deemed controversial. In his judgment and in the judgment of the other four members of the committee, they determined the item was frivolous, not controversial and that it should be rejected immediately. Rep. DeLuca felt that a \$500 stipend was ridiculous, and if they were serious, they should go for a \$5,000 stipend as the expenses are greater than \$500. It is an embarrassment to him personally and ridiculous to ask for a \$500 per year paycheck. Rep. DeLuca was the one who stated that he didn't want to antagonize the voters. Rep. DeLuca also stated that it was suggested to the person who wrote the letter that they could still come to the public hearing, and they could meet with the Commission and the Committee on the 13<sup>th</sup>, but he would hope that the Board would reject this item.

Rep. Lyons stated that having attended the meeting, he let Rep. Zelinsky be on notice that if after a public hearing if he determines there is merit and a groundswell of opinion in favor of this item, he would, as a member of the prevailing side of the vote, he may make a motion to reconsider that vote. He doesn't, however, feel that Mr. Zelinsky is going to find that groundswell or support. Rep. Lyons stated that if he would like him to make a motion, he will, but he is certain it is destined for the same fate, and encourages Mr. Zelinsky to march on.
