MINUTES

INVOCATION:  Led by Clerk of the Board Annie Summerville

“Dear Lord, we thank you for another year in the land of the living.  Please cleanse our hearts and minds of all malice, all hatred, all jealousies that might linger here tonight.  Let us approach our duties with an open mind and friendliness toward our fellow board of representative members.  Let us not forget that our fellow citizens have placed us on this board, which has grown and developed through the sacrifices and labors of the many faithful who have gone before us.  Let us recognize that our greatest contribution to public service will be honesty, integrity and the application of the principles of Thine golden rule.  With special blessing we pray for our late President Ford, who has gone on before us.  We pray for guidance and strength for the family.  We pray for our country; let there be peace all over the world.  And, with these blessings, we will be forever so grateful and praise You forever.  Amen.”

Suspension of the Rules

Chair Skigen moved to take up an item, No. F27.191, that does not appear on the agenda; said motion was seconded and approved by unanimous voice vote.

1. **F27.191** APPROVAL; of a contract with Sempra Energy Solutions for electricity sales and purchase agreement.
   
   12/12/06 – Submitted by Mayor Dannel P. Malloy
   12/11/06 – Approved by Board of Finance
   01/02/07 – Committee approved 7-0-0

Chair Skigen stated that this agreement is a one-year agreement. We have locked in rates for six months, which are effective January 1st. This was taken up under suspension of the rules because we would lose a month of rates. The savings over six months is approximately $158,358. This is over what we would be paying CL&P, which is our provider. The reason we have only locked in six months worth of rates is the hope that the rates will come down when the weather warms. This is an evolving field of different suppliers for electricity. Chair Skigen moved the approval of Item No. F27.191; said motion was seconded and approved by unanimous voice vote.

Berns, Day, Esposito, Heaphy, Lodato, Lombardo, C. Martin, Mitchell and Zelinsky. Also present were Reps. 1. **LR27.025** PROPOSED ORDINANCE; for public hearing &

final adoption; providing for real property tax

exemption for property leased to a charitable, religious or nonprofit organization provided such property is used exclusively by such charitable, religious or nonprofit organization.

06/30/06 – Submitted by President Martin, Clerk Summerville and Reps. DeLuca and Day

07/17/06 – Held in Committee 9-0-0

08/21/06 – Held in Committee 9-0-0

APPROVED BY UNANIMOUS VOICE VOTE (as amended)
Chair Diamond stated that the public hearing was held and members of the public attended. Chair Diamond moved Item No. LR27.025; said motion was seconded.

Chair Diamond moved to amend the ordinance by changing the application date to July 1 through August 31. Said motion was seconded and approved by unanimous voice vote.

The main motion was approved by unanimous voice vote.

2. LR27.032 PROPOSED ORDINANCE; for publication; amending the WPCA ordinance to change the assessment formula for new sewer installation and its applicability to the pre-2005 standard.
12/04/06 – Submitted by Reps. Mirkin & Day
12/18/06 – No action taken

Suspension of Rules
Chair Diamond moved to suspend the rules as this item was previously put on the Agenda (see Item No. 2 above) as an ordinance. The Committee approved a suspension of the rules and approved taking up the item as a resolution. Said motion was seconded and approved by unanimous voice vote.

3. LR27.034 RESOLUTION; clarifying the intent of the Board of Representatives in enacting ordinance No. 1044, and particularly, the prospective applicability of Stamford Code Section 200-41.
12/18/06 – Submitted by President Martin and Reps. Boccuzzi, Day and Mirkin
12/18/06 – Committee approved 9-0-0

Chair Diamond stated that the resolution clarifies the intent of the Board of Representatives when it passed Ordinance No. 1044. This is a resolution that makes clear that the change in the WPCA ordinance did not intend to apply the new definition of how the assessment will be calculated for a particular sewer project which was already in the works and for which the public had already been given cost estimates.

President Martin stated that the WPCA has notified the Board of Representatives that it supports this resolution, and in fact, we are left with uncertainty regarding the ordinance. The ordinance was never meant to increase the fees for people who were already having their sewer work done. President Martin stated he views this as a resolution
clarifying an ordinance, and Mr. Cassone has communicated that he also believes this is a legitimate use of a resolution.

Majority Leader Boccuzzi stated that he serves on the WPCA Board representing the Board of Representatives. There was a public hearing on this item, and it is his understanding that the WPCA is willing to use the old rates on this particular project, as this project was started prior to the Board of Representatives enactment of the new ordinance. The residents were already given estimates for the installation of the sewer system. The WPCA agrees to allow this particular project to be assessed at the old rates. There are no estimates being provided at this time; he told the WPCA Board that before they assess any new projects, it should come to the Board of Representatives to review and possibly amend the ordinance. No one knew what the ramifications of the new ordinance would be; the WPCA thought it would cause about a 10-15% increase.

Chair Diamond stated that the assessment formula will be on the agenda for next month’s Legislative & Rules Committee meeting.

Upon motion duly made and seconded, the resolution was approved by unanimous voice vote.

**RESOLUTION & public hearing:** approving a purchase and sale agreement between the City and the Trust for Public Land for the city’s acquisition of 4 West Park Place; amount of purchase: $1,000,000.  
11/20/06 – Submitted by Mayor Dannel P. Malloy  
11/28/06 – Approved by Planning Board  
12/11/06 – Approved by Board of Finance  
12/20/06 – Committee approved 6-0-0

Vice Chair White read from the Committee Report: “Chair Day called the public hearing to order at 8:10 p.m. There being no members of the public present to speak, Mr. Day closed the public hearing. Ms. Richards stated that the building was originally appraised at $1.2 million; due to fire damage, the purchase price will be $1 million. The building will be demolished, and the property will become part of Mill River Park. Mr. Stein reported that the City has received a $520,000 state grant toward the purchase price. The City also has been awarded a $197,000 federal grant; however, due to the length of time it took to negotiate this purchase, those funds may not be usable. Mr. Zelinsky expressed his concerns regarding the overall cost of the entire Mill River Park Project. Mr. Day responded that while the City will incur some costs, TIF financing will be used to pay for much of the project, and that significant private contributions are anticipated. He added that it is impossible to determine the final price of the entire park, as this is expected to take decades to complete.”

Vice Chair White moved Item No. LU27.022; said motion was seconded

Rep. Zelinsky stated that the City is paying the remaining $283,000 for the property. The new park design includes a $6 million restoration of the downtown stretch of the Mill River, a network of walking paths, etc. Rep. Zelinsky attended a presentation for the public, and a figure of $40 million was thrown out that this project would cost over 40 years. The long term plan calls for the City to eventually acquire 1010 Washington Boulevard and the Senior Housing Complex. Rep. Zelinsky stated that by purchasing parcels piecemeal, neither the legislative branch, the Board of Representatives, nor the public knows what the final cost will be to the taxpayers or their children. Rep. Zelinsky believes we should get an accounting so that we know what the final cost will be.

The main motion was approved by unanimous voice vote.

2. **LU27.023**  
**REVIEW; status of housing safety and zoning code enforcement initiatives.**  
12/05/06 – Submitted by Reps. Day & Greenberg  
12/20/06 – Report Made

Vice Chair White read from the Committee Report: “Vice A presentation by members of the Housing Code Enforcement Team was made (see attached materials distributed during presentation – statistics1 & statistics 2). Highlights are:
• The team is comprised of zoning, health and fire officials; each of these areas of responsibility operates under different state and local laws;
• Additional staff is required, especially in the Zoning area, because of the high volume of investigations and the arduous research necessary to determine the legality of multi-family dwellings;
• The Landlord Identification Ordinance will be in full use in 2007;
• While fines are not typically imposed, when property owners don’t comply, they are referred to the housing court where violations are considered criminal acts.

Chair Day commended the presenters on their excellent report. Clerk of the Board Summerville asked that arrangements be made to have this presentation given to all members of the Board of Representatives, especially in light of upcoming budget hearings.”

3. **LU27.024** 
   PROPOSED ORDINANCE: for publication; establishing “green” building code standards for newly constructed municipal buildings. 
   12/05/06 – Submitted by President Martin & Reps. Day and Zelinsky 
   12/20/06 – Committee approved 5-0-0

Vice Chair White reported that Chair Day discussed the recently-circulated draft ordinance. Mr. Stein confirmed that since there should be a provision for a 6-month grace period after adoption as the East Side Fire Station has already been designed. Chair Day indicated that the grace period should be included in the ordinance and the Committee agreed. With such amendment, the ordinance was approved for publication by a vote of 5-0-0.

Vice Chair White moved the Consent Agenda, consisting of Item No. 3; said motion was seconded and approved by unanimous voice vote.

Secondary Committee: Legislative & Rules

   Approved 8-0-0 as amended
   (See attached version)

Chair Lyons moved Item No. PS27.012; said motion was seconded.

Chair Lyons reported that the Committee came to order at 7:15 p.m. Approximately 17 members of the public spoke; all but two were in favor of the use of cameras for crime prevention and law enforcement purposes. Through the comments entertained by the Committee, a lengthy dialogue was held. The Committee then took the ordinance that the Legislative & Rules Committee had voted out of Committee, and reviewed the ordinance paragraph by paragraph, considering the Legislative & Rules Committee proposed amendments as well as committee member proposed amendments. The Committee then approved a version for republication by a vote of 8-0-0.

Chair Lyons moved the amendments as approved by the Committee. Chair Lyons stated he would like to move all of the amendments as a blanket amendment and that he would briefly describe them. Said motion was seconded.

Chair Lyons listed the amendments as follows:

**Amendment #1**
Amend the second *whereas* clause as follows:

4/23/2013 6:37 PM
WHEREAS, it has been determined that it is in the best interest of the City of Stamford to expand the permitted uses of CCTV Cameras, for homeland security, law enforcement and crime prevention." (Amendment #1 - approved 9-0-0)

Amendment #2
Amend the definition of CCTV Camera to read as follows:
“CCTV Camera. Any and all devices that are affixed to outdoor structures and/or used by emergency response vehicles (which shall specifically not include interior locations or police department vehicles), owned or operated by the City of Stamford or any agency, department or subset ...”

Amendment #3
The definition of “Public Housing Project” was deleted

Amendment #4
A second sentence was added to the above paragraph as follows:
The Chief of Police shall maintain a log of all CCTV Camera and Feed locations, the dates of their approval and the criteria used for their approval.

Amendment #5
Paragraph 7-2(D) was amended to read as follows:

Law Enforcement and Crime Prevention. Certain High Crime Areas. CCTV Cameras, and any and all Feeds, may be used for the purpose of providing surveillance in the service of law enforcement and crime prevention within the City of Stamford where there is documented criminal activity.

Amendment #6
Paragraph No. 7-2(E) was deleted.

Amendment #7
Paragraph 7.3 was struck and renamed “Reserved for Future Use.”

Amendment #8
Section 7-4 was amended to read as follows:

A Policies & Procedures Manual shall be adopted and approved by the Director of Public Safety, Health & Welfare, the Police Chief, the Police Commission, the Mayor and the Board of Representatives before this ordinance is utilized for anything other than traffic monitoring can be used in any form.

Chair Lyons stated that these are the amendments as adopted by the Public Safety & Health Committee. He added that in response to Chief Larrabee’s question as to what “documented criminal activity” constituted. The Committee stated that it would include nuisance crimes and neighborhood vandalism-type crimes.
President Martin stated that these eight amendments need to be approved by the full Board.

Rep. Berns moved to amend Section No. 2. President Martin stated he would prefer to vote on all of the amendments as presented by the Public Safety & Health Committee. Mr. Berns stated that he would prefer to make his amendment at this time. President Martin stated that he is aware that Chair Lyons has another amendment to make, and he believes that Mr. Berns is asking for that amendment to be made at this time. Chair Lyons stated that in order to avoid confusion, he would prefer to move the above eight amendments and then introduce a new amendment.

Rep. Berns stated that he does not see any confusion. This matter was discussed in caucus, it was discussed with the Republicans, and the Board is overwhelmingly in favor of this, and he sees no confusion.

Rep. Skigen stated that it is a legitimate amendment; i.e., to amend the amendment, however the amendment that Rep. Berns is asking for is an amendment that is coming from the floor. It was not recommended by Committee, and he feels that Chair Lyons is correct in terms of keeping his report separate from what was discussed in caucus and what will be offered momentarily. Rep. Skigen stated that, however, if Mr. Berns wants to go ahead, he believes he is within his right.

Rep. Berns stated it is perfectly clear what the Public Safety & Health Committee decided; the report is crystal clear, and he sees no confusion.

President Martin called for a second to Rep. Berns’ amendment; there was no second. Rep. Berns stated that he never stated the amendment and offered what was decided upon in the Democratic Caucus. President Martin stated that since the amendment is not ready and there is no second, he would return to the original amendment as recommended by the Committee.

Rep. Berns stated that he now has the amendment: “In paragraph A, to add the following sentence at the very beginning: A CCTV Camera or Feed location shall be approved preliminarily for installation and use by the Chief of Police or his designee upon a finding that one of the limited criteria set forth herein have been met; and thereafter approved within thirty (30) days upon a finding that one of the limited criteria set forth herein have been met by a CCTV Camera Committee consisting of the Mayor or his or her designee, the Director of Public Health & Safety or his or her designee, the President of the Board of Representatives or his or her designee, and two members of the public. The two members of the public shall be appointed by the Mayor and approved by the Board of Representatives.

The amendment did not get a second.
The motion to approve the amendments as approved by the Public Safety & Health Committee was approved by a machine vote of 32-1-0 (Reps. Adams, Blackwell, Boccuzzi, Cannady, DeLuca, DePina, Diamond, Esposito, Fedeli, Figueroa, Franzetti, Giordano, Greenberg, Heaphy, Larobina, Layton, Lodato, Lombardo, Lyons, Mallozzi, C. Martin, D. Martin, Mirkin, Mitchell, Molgano, Munger, Pia, Skigen, Summerville, White, Young and Zelinsky in favor; Rep. Berns opposed) (See RCS Vote Record No. 759).

Chair Lyons moved to amend Paragraph “A. Limitations on Use.” by the changes below indicated in bold and italic type

“A CCTV Camera or Feed location shall be approved preliminarily for installation and use by the Chief of Police or his designee upon a finding that one of the limited criteria set forth herein have been met; and thereafter approved within thirty (30) days upon a finding that one of the limited criteria set forth herein have been met by a CCTV Camera Committee consisting of the Mayor or his or her designee, the Director of Public Health & Safety or his or her designee, the Present of the Board of Representatives or his or her designee, and two members of the public. The two members of the public shall be appointed by the Mayor and approved by the Board of Representatives. CCTV Cameras, and any and all Feeds, may be used only by those persons authorized by Section 7-3 herein, and may be used solely in the specific instances set forth in this Section 7-2 this ordinance, and use of CCTV Cameras by such persons in any other manner or location, or for any other purpose, is, expressly prohibited. The Chief of Police shall maintain a log of all CCTV Camera and Feed locations, the dates of their approval and the criteria used for their approval.”

The main motion, for republication was approved by a machine vote of 30-3-0 (Reps. Blackwell, Boccuzzi, Cannady, DeLuca, DePina, Diamond, Esposito, Fedeli, Figueroa, Franzetti, Giordano, Greenberg, Heaphy, Larobina, Layton, Lodato, Lombardo, Lyons, Mallozzi, C. Martin, D. Martin, Mirkin, Mitchell, Molgano, Munger, Pia, Skigen, Summerville, Young and Zelinsky in favor; Rep. Adams, Berns and White opposed) (See RCS Vote Record No. 761).

2. PS27.017 APPROVAL; of an agreement with Norwalk Rehabilitation Services, Inc. for physical, occupational and speech therapy services for Smith House. 11/14/06 – Submitted by Mayor Dannel P. Malloy 12/11/06 – Approved by Board of Finance 12/19/06 – Committee approved 8-0-0
