10. **A27.115** Zoning Board (Alternate)  
    David S. Stein (D)  
    Reappointment  
    Approved by Machine Vote
Chair Summerville moved Item No. A27.115; said motion was seconded. Chair Summerville stated that Mr. Stein is very well versed in the zoning process, he has sat in on many Zoning Board actions. The Committee found him to be an exceptionally qualified and bright applicant, and the Committee unanimously voted to approve him for appointment to the Zoning Board.

Rep. Zelinsky stated that he agrees with some of Rep. Summerville’s comments regarding Mr. Stein, and he has nothing personal against Mr. Stein. He did vote against the Trump Park, the first time the application came before the Zoning Board, and he commends him for his vote as well as the other Zoning Board members. However, when the Trump Park came back with a few, small modifications, he did vote for it. Mr. Stein also voted yes for two other projects, including two 400-foot high towers to house the Ritz Carlton Hotel and condo complex at the Atlantic Street Post Office site and Lowe Enterprises of California’s proposal for a 300-foot condo tower at the northeast corner of Washington and Tresser Boulevards. During Mr. Stein’s interview before the Appointments Committee, which he attended, when asked about the large development downtown, he stated that he felt it was good for Stamford and our residents. He takes strong exception to his thinking about large developments downtown, and so do the majority of Stamford residents. It only creates traffic, traffic problems, congestion, pollution and gridlock. He cannot support someone who votes this way on zoning applications.

Rep. Diamond stated that he disagrees with Rep. Zelinsky on this appointment. He stated that Mr. Stein has served with distinction on the Zoning Board as an alternate, he is in fact an alternate, but he comes to just about every minute and almost always is asked to serve. He stated that Mr. Stein has an excellent balance between development, traffic and other concerns for zoning. Mr. Stein has gone out of his way to ask for, demand and, in fact, has been successful, in obtaining concessions from those who wish to come into Stamford to build. These concessions included affordable housing and parkland. Rep. Diamond stated that he should be supported by this Board.

Rep. Day stated that, on a bipartisan note, Mr. Stein has been an outstanding member of the Zoning Board, and Mr. Stein actually led the effort to obtain a $1 million plus contribution to the Mill River Park from the Ritz Carlton Project. He added that Mr. Stein has done a very good job.

The item was approved by a machine vote of 31-2-1 (Reps. Adams, Blackwell, Bocuzzi, Cannady, Coppola, Day, DeLuca, Diamond, Esposito, Fedeli, Figueroa, Gabriele, Giordano, Larobina, Layton, Lodato, Lombardo, Lyons, C. Martin, D. Martin, McGarry, Miller, Mirkin, Molgano, Munger, Neary, Pia, Rauh, Skigen, Summerville and
Young in favor; Reps. White and Zelinsky opposed; Rep. Mallozzi abstaining) (See Vote Record No. 877).

Chair Summerville moved the Consent Agenda, consisting of Item Nos. 1-4 and 6-9. Said motion was seconded and approved by voice vote (Reps. Mirkin and Mallozzi abstaining on Item No. 4; Rep. Mallozzi abstaining on Item No. 6).

Chair Summerville thanked the Committee for their participation. The meeting was an exciting one, and the Committee interviewed and approved some excellent people to fill these vacancies.

   11/08/07 – Approved by Board of Finance (3-2-0)
   11/26/07 – Committee approved 8-0-1

   APPROVED BY MACHINE VOTE 23-10-1

Chair Skigen moved Item No. F27.320; said motion was seconded.

Rep. Mirkin stated that he was the one abstaining vote in Committee. He is not supporting this because he does not think the employees are entitled to an increase; what he is opposed to is the method of allocation. This is an opportunity for the Mayor to recognize individual performance, these employees not being in a union, whereas we know when a union contract is approved, there is a certain percentage that goes to the best and to the least efficient in the union. So, he does not believe that every person performs at the same level every year. He stated it is an opportunity for the Mayor to assess these individuals and allocate the raises accordingly. He will vote no on the basis that it is not being allocated on merit, it is just straight across the Board.

Rep. Coppola stated that in July this administration laid off, among others, four firefighters. The excuse at that time was due to severe budget cuts in the Department of Public Safety. This item tonight demonstrates to him, at least, that this administration seems to find the money for whatever it feels it wants or needs. He does not begrudge the direct reports or the support staff that are in line for these raises, not be a long shot, and he believes that most of them deserve, for the most part, an increase in salary as well as recognition for the sacrifices they make for us. Having said that, there still remains four firefighters whose lives are in turmoil and on hold, some of whom have families. All they want right now is to go back to work protecting people’s lives and supporting their families. If we can’t afford to put them back to work, how can we justify pay raises for anybody else in the City. He believes that this item will pass tonight, but not with his vote.

6. **F27.322** APPROVAL; of a contract between the City of Stamford and MBIA Municipal Investors Service Corporation for investment advisory services.
   - 10/17/07 – Submitted by Mayor Dannel P. Malloy

Chair Day reported that the Land Use-Urban Redevelopment Committee met on Tuesday, November 20, 2007. Present were Chair Day and Committee Member Reps. Franzetti, Gabriele, Lombardo, Mitchell and Summerville; absent/excused were Committee Member Reps. Boccuzzi, Diamond and White. Also present were Rep. Zelinsky and Robin Stein.

1. **LU27.042** APPROVAL; of a second amendment to an agreement with Olin Partnership, Ltd., for Mill River Waterfront Park Design services.

   10/17/07 – Submitted by Mayor Dannel P. Malloy
   11/08/07 – Approved by Board of Finance
   11/20/07 – Committee approved 6-0-0

Chair Day moved Item No. LU27.042; said motion was seconded. Chair Day stated the agreement basically is the next phase pursuant to an agreement that this Board has already approved with Olin Partnership for the design of the Mill River Park. The basic design was completed, several public meetings were held in connection with that design. The design has been enthusiastically embraced by most people in the City. This is the next phase that involves the construction drawings to implement the design.
Rep. White stated that his opposition is well known.

The item was approved by a machine vote of 32-1-0 (Reps. Adams, Blackwell, Boccuzzi, Cannady, Coppola, Day, DeLuca, Diamond, Esposito, Fedeli, Figueroa, Gabriele, Giordano, Larobina, Layton, Lodato, Lombardo, Lyons, Mallozzi, C. Martin, D. 1. O27.032 REVIEW; storm drainage system vis-à-vis October 11, 2007 flooding; causes of flooding; potential relief for residents.
   10/28/07 – Submitted by the 27th Board of Reps.
   11/29/07 – Report Made

Secondary Committee: Public Safety & Health
Waived

Chair Zelinsky stated that Director Barnes began the meeting by describing the incidents in the South End Pumping Station, and the misconception that there was a one hour delay to turn on the 3rd and 5th pumps. Director Barnes also mentioned that there was unusual weather, there was no anticipation of the excess rain, which Chair Zelinsky believes was 6 to 8 inches in a four-hour period. Mr. Casolo, our city engineer, conducted an extensive and very powerful PowerPoint presentation outlining what the Engineering Department is planning on doing to address the problems in the area.

Chair Zelinsky stated that the public was invited to speak, and several members relayed their losses, they stated that they did not live in flood zones, therefore they did not have flood insurance. They did not receive any compensation or assistance with their losses, and Chair Zelinsky asked Mr. Casolo what he thought the possible cost to the residents for their property damage, and he mentioned close to $1 million.
The Committee decided to review the matter again in six months, and the Engineering Department will return to review their progress in identifying the possible reasons for the flooding problems and proposed solutions.

Public Safety & Health Committee Chair Lyons moved to waive the Secondary Committee Report; said motion was seconded and approved by unanimous voice vote.

2. **O27.033** APPROVAL; of an agreement with TransLoad America-Baletech, LLC for solid waste management services.  
   10/29/07 – Submitted by Mayor Dannel P. Malloy  
   11/08/07 – Approved by Board of Finance  
   11/29/07 – Committee approved 8-0-0

Chair Zelinsky stated that Director Barnes explained that two consultants were hired to prepare an RFQ. After submissions, the RFP was prepared and TransLoad, who met the requirements and provided the best pricing and scheme for managing Stamford’s solid waste was selected. They will remove the waste at $69/ton, which is $11 cheaper than the current rate.

Chair Zelinsky moved to approve Item No. O27.033; said motion was seconded.

Rep. Mallozzi stated that at the meeting, he requested additional information. He inquired as to whether or not it was received. Rep. Zelinsky replied that we didn’t receive the information.

Rep. Lyons stated that he believed, as an attendee at the meeting, that the gentleman from American BaleTech, in conjunction with members of the Operations Committee, stated they had posted a $1 million performance bond. Rep. Lyons felt that Mr. Mallozzi’s concerns were addressed at the meeting.

Rep. Mallozzi stated that the Chairman made it clear to Mr. Barnes that these two items were required. This can be heard on the meeting tape. The Committee also wanted to receive copies of attachments referenced in the contract.

Clerk Summerville stated that if materials had been received, they would have been forwarded to the chairman.

Rep. Mallozzi stated that since the material was not received, he made it clear at the Committee meeting that he would be voting for it based on their representations that the material would be forwarded. They had plenty of time to forward this material, and he will be voting against this material.

Rep. Mirkin stated that Ben Barnes provided a thick notebook with all backup and exhibits and it was made available to anyone who wanted to look at it. Mr. Mirkin added
that he is satisfied with the response to the $1 million bond; he was assured that the bond is in place. In his mind all the questions were answered. He believes that the contract takes effect January 1st, and it offers substantial savings in the tipping fees, so he thinks the Board should act this evening.

Rep. Zelinsky stated that the agreement states the work would commence on January 1, 2008. He stated that the Board should vote on it, and he would be more than happy to follow up with Director Barnes if any member wants any additional information.

Clerk Summerville stated that the book was available in the Board Office. The book was left on the podium instead of going to the office, along with a CD. She was confident that Mr. Mallozzi’s questions would be answered in this information.

Rep. Lyons stated that we have already noticed the current company that manages our haulaway that we intend to terminate this contract; if this does not pass, they will need to institute an interim plan.

Rep. Mallozzi stated that he voted based on their representations, the problem is that he first asked about a bond, and no one knew anything about the bond. Then, they said they thought they had a $1 million bond and assured him they would have a copy before the meeting. He is not saying we should vote against it; he is going to vote against it for this reason. When we ask for something, we should get it.

Rep. Mirkin stated that he does not think Mr. Barnes is being obstinate or has not done what is in the best interests of the City. This does save $700,000 annually, and we should save every dollar we can for taxpayers.

The item was approved by a machine vote of 31-3-0 (Reps. Blackwell, Boccuzzi, Cannady, Coppola, Day, DeLuca, Diamond, Esposito, Fedeli, Figueroa, Gabriele, Giordano, Larobina, Layton, Lombardo, Lyons, C. Martin, D. Martin, McGarry, Miller, Mirkin, Molgano, Munger, Neary, Pia, Rauh, Skigen, Summerville, White, Young and Zelinsky in favor; Reps. Adams, Lodato and Mallozzi opposed) (See Vote Record No. 880).

1. E27.021 REVIEW; early childhood programs in Stamford: programs, status, needs and evaluation.
11/08/07 – Submitted by Chair Rauh
11/29/07 – Report Made
Chair Rauh stated that an extensive overview of early childhood programs in Stamford was held, and the status at this point is that we have approximately 450 four-year olds who are totally unserved and going off to kindergarten with a gap that presents itself in the academic achievement area. Primarily the problem is due to lack of space, and there were suggestions to follow up. The City will be returning $350,000 to the State for early childhood programs because of lack of space. The full materials are on file in the Board Office.

1. **T27.032** RESOLUTION: approving a parking fee reduction for employees of the Ferguson Library.
   - 10/24/07 – Submitted by Mayor Dannel P. Malloy
   - 11/27/07 – Committee approved 6-0-0 (as amended)

   **APPROVED ON CONSENT AGENDA (Rep. Lodato abstaining)**

2. **T27.033** PROPOSED ORDINANCE; for publication; amending the Code of Ordinances to increase the fines for parking in handicapped spaces.
   - 10/25/07 – Submitted by Rep. DeLuca
   - 11/27/07 – Committee approved 6-1-0

   **APPROVED BY MACHINE VOTE 20-14-0**

Chair DeLuca stated this ordinance originated because of new state legislation that was enacted October 1, 2007, saying that we must amend Chapter 231 whereby fines for parking in a handicapped spot would result in a first offense of $150, and the second offense would result in a $250 fine. Chair DeLuca moved Item No. T27.034; said motion was seconded.

Chair Diamond stated that the City of Stamford fines for parking go from $15 to $35 to $55 up to $90 for parking in a handicapped space. This ordinance proposes to go up in that category to $150 and $250. The State statute allows us to do that since we passed enabling legislation last year, but it doesn’t mean that we have to do so. Obviously if somebody parks in a handicapped spot, it is a violation, but the $90 fine is a serious penalty as it stands. He doesn’t think it needs to be increased. He thinks the $90 fine is a deterrent. He also questioned how the police officer is going to know if the person has a previous violation. That is something that typically is contained within a person’s motor vehicle history, not something that the officer has available when he runs a plate. He recommends that we keep the fees at $90.
Rep. Mirkin stated that he would support an increase. If there is ever anything that has a target on it, that you clearly are aware of and that you make a conscious decision, it is to choose to park in a handicapped space. The higher you can make that deterrent, maybe you don’t collect any revenue, but the more we keep those spots open for those who need them, he believes the better off we are.

Rep. Day stated that someone doesn’t accidentally park in a handicapped space. Most of our handicapped citizens would find it rather remarkable that we wouldn’t do what the State specifically authorized us to do.

Rep. Lyons stated that he is not for needlessly increasing fees or fines, but this City is woefully short on municipal handicapped parking. Years ago, after the Majestic Theaters on Summer Street, it was requested to make the front of that building for handicapped spaces, and it never went anywhere because of the DSSD. He encourages anything we can do to help alleviate the shortage of handicapped spaces.

Rep. Mallozzi asked whether there has been a problem with this recently, or are we just increasing it because we have the ability to do so. Rep. DeLuca stated there have been problems. He has seen problems himself at the golf course with handicapped spaces being occupied by people who are “hop, skipping and jumping all over the place,” He has seen other handicapped people looking for spots that are not available. The fact that the State took the time out to enact this legislation should also be considered. He stated that this is just for publication, and a public hearing should be held on this item.

Rep. Adams stated that this is another opportunity to raise fines. Now that the State has increased it to $250, now we will see all fines be increased toward that threshold. If there was serious abuses, it would have been noted before now. He has not heard of excessive abuse of this, and he believes that from $90 to $150 to $250 is a bit much, and $250 is a lot. He is against increasing this.

Rep. Coppola stated that if we raise that fine to $250, we won’t have to worry about enforcement. We should not even be talking about this; people who park in handicapped spaces are just plain ignorant, and it is inexcusable. If you had anybody in your family that was handicapped, you would know what he is talking about. He thinks we should move the question and get it out for publication, and it is “silly for us” to keep talking about this.

Rep. Mirkin stated that the objective is to get zero tickets; it is not to collect money. A person willingly decides to park in that space, and if they do it, they are going to pay a cost. If you can’t park in a legal spot and put money in the meter, then so be it. If it is $500 or $1,000, then you just pay it.

Rep. DeLuca stated that he would hate to imply to a handicapped person that some members of the Board of Representatives think that this is a revenue-making item. This item should be published and a public hearing should be held on it.
Rep. Summerville stated that we should think about amending the item. What about those who have handicapped stickers who are really not handicapped, and there are quite a few of them. You cannot judge a handicapped person by viewing their disability, but there is quite a bit of abuse for people using the handicapped sticker who are truly not handicapped. Perhaps the Committee will look at that. She challenges the doctors who issue these permits and those people who violate the spirit of the handicapped sticker, by misusing them.

The item was approved by a machine vote of 20-14-0 (Reps. Boccuzzi, Coppola, Day, DeLuca, Esposito, Fedeli, Gabriele, Giordano, Larobina, Layton, Lombardo, Lyons, D. Martin, Mirkin, Molgano, Munger, Pia, Skigen, White and Zelinsky in favor; Reps. Adams, Blackwell, Cannady, Diamond, Figueroa, Lodato, Mallozzi, C.
