The Regular Meeting of the 27th Board of Representatives of the City of Stamford was held on Monday, June 2, 2008 in the Legislative Chambers of the Board of Representatives in the Government Center, 888 Washington Boulevard, 4th Floor, Stamford, Connecticut.

MINUTES

President Martin called the meeting to order at 9:20 p.m.

INVOCATION: Led by Eileen Heaphy.

“This is a prayer that I got from the internet about the environment. God wills the interdependence of creatures, the sun and the moon, the cedar and the little flower, the eagle and the sparrow. No part of creation is self sufficient. Creatures exist in dependence on each other, to complete each other, in the service of each other. We pray for the waters of the rivers that through God’s grace we will fill them again with bountiful life. We pray for the soil of the earth that through God's grace we will work for abundant harvests for all. We pray for the birds of the trees that through God’s grace we can offer them sheltering green leaves. We pray for all the sacred earth that through God’s grace and with God’s help, we will renew the music of creation’s pulsating life. Amen.”

PLEDGE OF ALLEGIANCE TO THE FLAG: Led by President of the Board David Martin.

ROLL CALL: Conducted by Clerk of the Board Annie Summerville. There were 33 present and 7 absent/excused (Reps. Blackwell, Franzetti, Lyons, C. Martin, Mirkin, Neary and White). Note: Rep. Lyons arrived after roll call.

VOTING MACHINE STATUS: The machine was in good working order.

MOMENTS OF SILENCE: For the late: William Wills Davis, Sr., by Clerk Summerville and Reps. Young and Giordano; Malcolm James Edgerton, Jr. by Rep. Day; Janet E.
COMMUNICATIONS: President Martin announced:

1. Joe Coppola, Gabe DeLuca, Scott Mirkin, Jim Diamond, Bryan Munger and Mary Fedeli are celebrating June birthdays.
2. There is a dinner honoring John Boccuzzi on Wednesday night; all representatives who want to attend should let the Board Office know this evening.
3. Steering will meet next Monday, June 9th; the deadline for submissions is this Thursday at 9:00 a.m.
4. The new website is close to being launched and should be live in 1-2 weeks. All representatives who have not submitted bios/photos should try and do so.
5. Emails sent to the Board Office are forwarded to all representatives as it is often the expectation of the sender that this information will be circulated to all.
6. Dawn Murray has submitted her resignation as she will be moving out of State; Ms. Murray provided four weeks’ notice.
7. Gabe DeLuca was honored by the Yerwood Center/Health Department’s Family Day. Clerk Summerville presented the award as Mr. DeLuca was unable to attend the event.

HONORARY RESOLUTIONS:

1. Sense of the Board Resolution; congratulating Lawrence Greco for his 40 years of service with the City of Stamford Board of Education.
   04/24/08 – Submitted by Rep. Giordano
   APPROVED BY UNANIMOUS VOICE VOTE

Chair Day stated that the item was debated for a significant amount of time on top of the previous two meetings held, and comprised several hours of the Committee’s time. The Committee voted in favor of the item 7-0-1. Chair Day moved Item No. LU27.046; said motion was seconded.

Rep. Skigen stated that he knows this has been negotiated long and hard, and he expressed his appreciation for the team that represented the City, in particular Mr. Freimuth, Mr. Barnes and Ms. Dennies. They all did exceptional work, and, in particular, Mr. Freimuth was extraordinary in terms of getting back to the Committee with whatever information it requested. He did an extraordinary job on this, and there are hundreds if not thousands of moving pieces on this, and he deserves our appreciation.

Rep. Day echoed Rep. Skigen’s comments. For the Land Use Committee, this has been a three-month effort, but for the City’s team that negotiated this, it has been well over a year with incredibly complex negotiation, and they did represent the City’s interest extraordinarily well.

Rep. Lyons joined the meeting at this time.

The item was approved by a machine vote of 30-1-3. (Reps. Adams, Aposporos, Berns, Boccuzzi, Cannady, Day, DeLuca, DePina, Diamond, Esposito, Fedeli, Figueroa, Gabriele, Giordano, Heaphy, Larobina, Layton, Lombardo, Lyons, McGarry, Miller, Mitchell, Molgano, Munger, Pia, Rauh, Skigen, Summerville, Young and Zelinsky in favor; Rep. Coppola opposed; Reps. Lodato, Mallozzi and D. Martin abstaining) (See Vote Record No. 922).

Secondary Committee: Personnel

Concur 5-2-0

Chair Skigen moved to approve Item No. F27.364, as amended in Committee. He stated that what this amendment to the resolution does is set up a two tier system for the administrative fee for extra duty and not for profits (qualified 501(c)3s) would pay 14% and those for-profit companies would pay the 16% that was originally suggested. The Committee approved that 6-4.

Rep. Lyons moved to amend the resolution that reads at the end, “if any 501(c)3 organization holds an event in which the police chief determines that five or more officers are needed, said organization shall pay the 16% rate.” No second was offered.

Rep. Zelinsky stated that he is in favor of the reduced rate for non-profits and is also in favor of schools and churches receiving the reduced rate. He understands that churches and schools will be included in the reduced rate.

Said motion was seconded and approved by a machine vote of 33-0-0 (Reps. Adams, Aposporos, Berns, Bocuzzi, Cannady, Coppola, Day, DeLuca, DePina, Diamond, Esposito, Fedeli, Figueroa, Gabriele, Giordano, Heaphy, Larobina, Layton, Lodato, Lombardo, Mallozzi, D.    05/05/08 – Held in Committee  
   05/19/08 – No action taken

Chair Diamond stated that after a few months of material attempting to be submitted to the Clerk for inclusion in the minutes, he submitted this item to the Steering Committee as he felt a procedure would be preferable to no procedure. He drafted a proposed rule. It was discussed in Committee, Clerk of the Board Summerville addressed the
Committee, members asked many questions, and after discussion there was a motion to hold the item, which was defeated 3-4. Thereafter, no motion to approve the item was made.

President Martin stated that on rare occasions in the past, members have provided written comments, there is nothing in our rules, nor nothing in Robert's Rules of Order that provide for this occurrence. While he has encouraged this for non-controversial items in an attempt to move the meeting along, apparently, without those rules he would be incorrect in doing so, and that becomes the provenance of the Clerk to accept or not accept such written comments. At this time we will not have written rules appended to the minutes as there is no mechanism to allow for this.

Rep. Berns stated that legislative assemblies at the State level and the U.S. Senate and House of Representatives permit the submission of written documentation for long periods of time after the conclusion of discussion of a particular matter, and up to the time of a vote on a particular issue. He believes that the permitting of written comments does save time; it prevents a lot of people from having to hear things they are not interested in hearing.

Chair Day stated he would discuss 3a and 3b together. These items relate to the future of the Main Street Bridge.

Rep. Zelinsky stated that regarding Item 3b, he has a grave concern discontinuing the bridge. He finds it appalling that the administration could not locate funding to repair this bridge. He learned that the $8 million amount needed is prohibitive. He has in his possession a “man hour fee summary” dated May 24, 2001 with a total fee for design and complete of $191,528. Attached to that is a “direct cost summary” of other items for an additional $28,700. He realizes that this is not the total cost, but in 2001 it would have been a lot less than $8 million. He stated it is an insult and a disservice to the people of the West Side and those who travel to the West Side saying, “you can’t travel over the West Main Street Bridge because it is too expensive and because the Mill River Collaborative has other plans for the Mill River Park. He believes something should be done to continue it, but to close a main bridge in the City, he cannot understand. While people will say there is no public outcry, the average person on the West Side may not really know what is going on, but they may be very concerned about
the bridge. If emergency vehicles have to get somewhere, this will add time if they have to go to Broad Street, and Rep. Zelinsky does not want it on his conscience that people will be injured or killed if this bridge is not open to the public.

Rep. Day responded by saying that the figures that Rep. Zelinsky cited from 2001 were preliminary design costs, and do not even begin to address the construction. Secondly, the proposal in front of us is a pedestrian bridge which allows emergency access. This was discussed at great length in the Committee. Police, Fire and SEMS said they would use it in case of emergency. From a cost standpoint, it is hard to argue that the cost of a full vehicular bridge would be 71% borne by the City (as there is not currently any grant money); in contrast there is a $1.5 million grant for the pedestrian bridge with only a $385,000 city contribution.

Rep. Lodato stated that long before his time as a representative, the City decided to destroy one end of Main Street by creating a mall. So, we have part of Main Street that does not even connect to the rest of Main Street. It used to be lined with retail shops and a very active, bustling area. Now we have a fortress in its place. Now we are looking at cutting off the other end of Main Street to vehicles. Rep. Lodato stated he does not understand how any self-respecting community cut off its main street; now we are being asked to do this twice. He will vote against this as it was a mistake the first time, and it is a mistake now.

Rep. Zelinsky stated that even though the City would have to bear the cost of the bridge, he sees expenditures for millions of dollars for other things, and we approve them. Rep. Zelinsky asked how emergency vehicles would go through.

Rep. Day responded that the idea would be to have bollards there to block off regular traffic, and they would probably recede into the ground automatically in the case of necessary emergency vehicle use.

Rep. Coppola stated that nothing seems to be sacred any more in this City. That bridge is a historic landmark, it is a part of Main Street. Everything in this City is about progress, and that progress keeps costing us more and more and it never seems to save us a penny.

Clerk Summerville stated that first of all the bridge is falling down. Next, just because it becomes a pedestrian bridge does not mean that it is cut off. People will be walking over it rather than polluting vehicles. Main Street is not going to look the same for ever as the City is ever-changing. The residents she represents at 26 Main Street are in favor of this. They are seniors and they like the walkability of the bridge, the lack of car accidents, etc. As soon as you cross the bridge, it is no longer Main Street, so it is debatable whether you are really cutting off Main Street. She understands everyone’s passions about this, but she understands that it is not feasible for the City to pay for it, and in the spirit of tonight’s prayer about the environment, in the case of vehicles vs. people, this is a good thing in this neighborhood.
Rep. Day stated that the Committee heard plusses and minuses on all options, but from a historic standpoint, we have a much better chance of respecting the history of that bridge (including the trusses) if it ends up being a pedestrian bridge. If it is a vehicular bridge, it is going to be a modern-looking bridge with no relationship whatsoever to the city’s history other than its location. Because six years have gone by, it has proven from a traffic standpoint, that we really don’t need that bridge. The construction on Washington Boulevard and traffic still moves. There was also a traffic study presented. It has been reviewed from a traffic standpoint, from a health and safety standpoint, from a historic standpoint and a cost standpoint.

PARKS & RECREATION COMMITTEE:  Linda Cannady, Co-Chair
Attendance
Joseph Coppola, Co-Chair
Report
Meeting: Tuesday, May 20, 2008
7:00 p.m. – Republican Caucus Room

Chair Cannady reported that the Parks and Recreation Committee met on Tuesday, May 20, 2008. Present were Committee Co-Chairs Cannady and Coppola and Committee Member Reps. Lyons, Fedeli, Franzetti; and White. Absent/excused were Committee Member Reps. Heaphy, Mallozzi, Pia and Young. Also present were Arthur Selkowitz of the Mill River Collaborative; and Reps. Summerville, Day and Zelinsky.

1. PR27.030  REVIEW; issue of the removal of 100 cherry blossom trees at Mill River Park.
05/05/08 – Submitted by Clerk Summerville & Reps. Zelinsky, Mallozzi & Cannady
05/20/08 – Report Made
Co-Chair Cannady stated the Committee listened to an overview of the cherry tree situation at the park. She felt the meeting was very informative, and everybody there understood the removal for the trees, and it was clear it is not just because they want to remove the trees.

Rep. Zelinsky stated that he was surprised to hear Mr. Selkowitz say that nobody wants to cut down the trees, but the trees are coming down. Mr. Selkowitz said that most of the trees are dying and have exceeded their life span, but he has been told in Washington the cherry trees are over 100 years old. Also, the Vice President of the Stamford Tree Foundation mentioned that her group did not feel all of the trees were dying. The bottom line is that unfortunately the Collaborative is going to take the trees down, and he feels it is a shame. There has been a big public outcry, and even though they are supposed to be dying on the inside, only a week or two ago they were in full bloom. He urges Mr. Selkowitz to go back to the drawing board and come up with a new plan to preserve the cherry trees.

Rep. Zelinsky stated that the reason for the tree removal is that the key to the success of the park is the river, and they want to take down the walls so there will be nothing blocking people from going right down to the edge of the river. Mr. Selkowitz felt this was not a safety issue, but Rep. Zelinsky feels that if the walls are removed, there will be nothing stopping children or adults from going down there and possibly falling in and getting injured or hurt. He doesn’t know what the Board can do, but something must be done to preserve the trees.

Co-Chair Cannady said that she believes Mr. Selkowitz gave sound reasons behind removing the cherry trees: in order to restore the river to its natural habitat, the trees have to be removed. The Collaborative is going to try and transplant as many of the trees as possible, and she believes that they will follow through. Co-Chair Cannady said they will try to preserve the donor’s intentions with grafted trees.

Clerk Summerville stated that the trees were not taken care of and that is why the trees are dying – and you can’t compare that with the Washington DC trees because they are well taken care of. Clerk Summerville stated she agreed with Ms. Cannady in that Mr. Selkowitz explained the situation very clearly and it all made sense. The trees are going to be replaced in consultation with the donor’s family, as he spent his lifetime caring for these trees.

Ms. Heaphy stated that the City has created saplings from the original trees that are growing. These will replace some of the original cherry trees and they were cultivated from the original cherry trees, so we are preserving the donor’s heritage.
Chair Rauh reported that the Education Committee met on Thursday, May 29, 2008. Present were Chair Rauh, Vice Chair Molgano and Committee Members Reps. Young, Miller, Lodato and Pia; absent was Committee Member C. Martin. Also present were Richard Freedman, President of Board of Education and William Dunn and Al Barbarotta from the Stamford Public Schools.

1. E27.026 REVIEW; school capacity and space utilization. REPORT MADE & HELD IN COMMITTEE

   05/01/08 – Report Made
   05/05/08 – Report Made & Held in Committee
   05/29/08 – Report Made

Chair Rauh stated that the Committee held extensive discussions in review of the items in the letter sent to Mr. Freedman, president of the Board of Education, and their responses to various items in the letter. The report contains a very detailed timeline for the current redistricting plan, which will now be done by the superintendent of schools, the committee having been dissolved. The Committee will revisit this item in the future.
