HONORARY RESOLUTIONS:

1. PRESENTATION OF SENSE OF THE BOARD RESOLUTION; thanking Christopher Shays for his many years of service. 11/10/08 – Submitted by 27th Board 12/01/08 – Approved by 27th Board

President Martin read the resolution and presented same to Congressman Shays.

Congressman Shays stated: “As I was driving here, I was thinking that I learned politics in the best school in the country – Stamford, CT. There is a culture here … John Boccuzzi has served here 36 years. I want you to know that you should never take your city for granted, you should never take the politics that you learned here, your work together .. it is a lesson that other parts of the country could learn. When I and my wife decided that we needed to move to Bridgeport, it was the toughest decision made – to leave this city and to not live here because it is a special place. I have a lot of plaques that we decided we didn’t want to keep after so many years, but this plaque I will keep
forever because it is very generous, very thoughtful, and you may think that this gesture does not mean all that much … but it means the world to me.

“I was thinking, as we were saying he pledge of allegiance, tomorrow I would have joined the Congress if I had won and said that pledge, but when you look at the American flag as a member of Congress, you see it in ways that are pretty amazing. The men and women who risk their lives for all of us, they do it with a great deal of dedication and conviction that they are doing the Lord’s work. You all are doing the Lord’s work. David, as president, thank you for reading this proclamation and inviting me to receive this honor. It is a wonderful honor, and I thank you very much. I wish you all the very best this year. Thank you.”

2. SENSE OF THE BOARD RESOLUTION; thanking Hart School employees Thomasena Smikle, school nurse, and Gerard Sangermano, custodian, for saving the life of Isaiah Walden-Butler. 12/04/08 – Submitted by the 27th Board

President Martin presented the plaques to Ms. Smikle and Mr. Sangermano.

Ms. Smikle stated: “I am an employee of the City of Stamford Health Department at Hart School. This is a great honor. I worked for many years as a nurse, and I often say that my job is often not appreciated and no one recognizes how hard we work in the school setting, taking care of not only the children but the staff. … In coming here and seeing the plaque and the recognition, it makes me feel very good to be appreciated by the city and to receive the acknowledgement that we saved somebody. I feel honored that I had the strength that God gave me to remember what to do, and I had Gerard with me. I am accepting this plaque, not only for myself but also for my co-workers, the other school nurses, who I know would have done the same thing under the same circumstances. I appreciate it, and thank you very much.”

1/29/2009 11:30 AM
Chair Skigen stated that the Fiscal Committee met this evening to discuss Item No. F27.477. The ordinance will revise the minimum mandatory contribution. A committee report has been distributed to all members. The Committee has taken the requirement of full funding and moved it from commencing 7/1/9 to 7/1/10. For the year 7/1/9, the proposal is that the minimum required contribution shall be not less than 50% of the actuary’s recommended minimum annual contribution amount. This means that if we decide to move forward and adopt this for final adoption, the City could contribute approximately $2 million less than they would otherwise pay to the OPEB Trust for the current fiscal year. The Committee voted 8-0-1 in favor of the language proposed.

Chair Skigen moved the Consent Agenda, consisting of Item Nos. 1, 2 5, 6 and 8; said motion was seconded and approved by unanimous voice vote.

1. **LU27.057**  
   **PROPOSED ORDINANCE; for public hearing & final adoption:** changing the designated agency for Stamford’s Aquifer Protection Agency from the EPB to the Zoning Board.  
   11/13/08 – Submitted by Chair Day  
   11/17/08 – Committee approved 8-0-0  
   12/02/08 – Approved on Consent Agenda  
   12/17/08 – Committee approved 5-0-0

Chair Day stated that a public hearing was held and no one attended. The Committee approved the ordinance by a vote of 5-0-0.

Chair Day stated that the State enacted a law back in the early 1990s requiring each municipality to designate an aquifer protection agency in anticipation of the future release of regulations that would provide a regulatory framework for aquifer protection areas. Not much was known at the time of the original ordinance. Stamford, in compliance with the State mandate, designated the EPB as its aquifer protection agency. This is only theoretically relevant to Stamford because we don’t pump water for a public water supply out of the ground, however, the water company does maintain two wells for emergency use which they have never used. So it is conceivable that they could pump water out of these aquifer areas in Stamford.

Following the designation of the EPB, some ten years later, the State finally released the regulations governing this whole issue and it became clear that pursuant to those regulations that we have not designated the appropriate agency and most other communities have designated the Zoning Board because the regulations, which in turn require the municipalities to adopt local regulations regarding the aquifer protection areas, really were dealing in terms of uses and use permits, which belong much more appropriately within the jurisdiction of the Zoning Board. It also involves the drawing of maps, which is a function of the Zoning Board – not the EPB. So, it became clear following the State’s issuance of the regulations, that we had not designated the appropriate agency. This was agreed upon by the EPB Director and Robin Stein.
A motion to approve the item was made, seconded and approved by unanimous voice vote.
