The Regular Meeting of the 27th Board of Representatives of the City of Stamford was held on Monday, October 5, 2009 in the Legislative Chambers of the Board of Representatives in the Government Center, 888 Washington Boulevard, 4th Floor, Stamford, Connecticut.

MINUTES

President Martin called the meeting to order at 8:25 p.m.

“Dear Heavenly Father, we pray tonight that you grant us the wisdom and the temperament to make the right decisions for our city and its citizens. Let us be passionate in our beliefs and convictions, but dispassionate in our decision-making so that we may be free of rancor and any whisper of bias or self-interest. Give us the strength as individuals and as a legislative body to find the words and deeds that rise to the challenges we face, and preserve in each of us our own moral compass that we may find the right way forward with Your divine help and guidance always in our hearts. Amen.”

PLEDGE OF ALLEGIANCE TO THE FLAG: Led by President David Martin.

ROLL CALL: Conducted by Clerk of the Board Annie Summerville. There were 34 members present and six members absent/excused (absent were Reps. Berns and C. Martin; excused were Reps. Giordano, Giraldo, Layton and Raduazzo).

VOTING MACHINE STATUS: The machine was in good working order.

COMMUNICATIONS: President Martin:
1. wished Reps. Figueroa, Heaphy, Gabriele and McNeil a happy birthday;
2. reminded everyone that the Stamford Advocate has requested a biography and picture from everyone running for office;
3. if anyone wants a picture on the Board website page (who already doesn't have one), they should send it to the Board Office;
4. copies of financial disclosure forms are available at the meeting tonight; and
5. Rep. Giordano is in the hospital.
6. Rep. DeLuca announced that he is arranging a tour of Trump Tower for any representative who would like to see the new building.

HONORARY RESOLUTIONS:

1. Sense of the Board Resolution; commemorating the anniversary of the NAACP. 08/06/09 – Submitted by 27th Board

2. Sense of the Board Resolution; congratulating Dean Pomeroy on his retirement and thanking him for his 25 years of service to the City of Stamford. 09/08/09 – Submitted by 27th Board

7. Sense of the Board Resolution commemorating Stamford’s 2009 Columbus Day Parade. 10/03/09 – Submitted by 27th Board
Chair Skigen moved to take up three items out of order; said motion was seconded and approved by unanimous voice vote.

7. **F27.574** ADDITIONAL APPROPRIATION (Capital Budget); $2,000,000.00 public drinking water supply in Scofieldtown area.  
   08/05/09 – Submitted by Mayor Dannel P. Malloy  
   09/30/09 – To be considered by Board of Finance  
   09/22/09 – Approved by Planning Board  
   09/09/30 – Committee approved 8-0-0

Chair Skigen stated that the item being taken up is an additional appropriation of $2 million in the capital budget for a public drinking water supply in the Scofieldtown area. He stated that the history of this item is becoming well known to our Board. Stamford received test results in early May. The President and Chair Skigen held a conference call with Mr. Barnes within 24 hours of getting the test results and asked that the Scofieldtown Park be closed immediately, and Mr. Barnes took the lead on that and did have the park closed. We also asked for soil testing at the Scofield Magnet School and at the community gardens across the street from the park, and asked for samples to be taken from wells in order to check on the safety of the water supply in that area.

Chair Skigen continued: The testing resulted in the discovery of numerous wells with contamination. We are up to at least 18 homes that have found to be contaminated. Once again, at the request of President Martin and Chair Skigen, a public information meeting was held to notify the neighbors of what was going on. With the help of Mr. Barnes and the administration, the three items before us tonight that are on Agenda, were acted upon by the Planning Board and the Board of Finance. This is the fastest Chair Skigen has ever seen the City move, and it is the appropriate response to what is clearly a crisis that has been ignored for way too long. It is expected that if we approve these items tonight, ground breaking should occur within two weeks. The intent is to get the homes in this area hooked up to water by December 15th. It will still be a mess up there until spring, and it will get fixed up when it can, but in the meantime, the people that have been dealing with this contaminated water for way too long will have a safe water supply.

Chair Skigen stated that the additional appropriation is to bring water lines into Hannah’s Road, Larkspur, Very Merry and Cousins Road, and the Committee approved this 8-0. Chair Skigen moved for approval of Item No. F27.574; said motion was seconded and approved by unanimous voice vote.

4. **LR27.114** PROPOSED ORDINANCE; for publication; for final adoption; amending Chapter 238 of the Code of Ordinances, Water Emergency, Article II, Concerning immediate need for extension of water mains.  
   09/10/09 – Submitted by President Martin, Reps.  

Chair Skigen stated that the additional appropriation is to bring water lines into Hannah’s Road, Larkspur, Very Merry and Cousins Road, and the Committee approved this 8-0. Chair Skigen moved for approval of Item No. F27.574; said motion was seconded and approved by unanimous voice vote.
In Vice Chair Layton’s absence, Rep. Day provided a report on Item No. LR27.114. Rep. Day stated that the ordinance allows, under extraordinary emergency circumstances, the finding that the installation of public water supply is required in an emergency situation. Also, on a vote of 2/3 of the members of the Board of Representatives, the ordinance provides for a waiver of any assessment against the homeowners of the extension of the service directly to their homes. The Committee passed this unanimously; Rep. Day moved for approval.

Rep. Day moved to waive publication for Item No. LR27.114; said motion was seconded and approved by unanimous voice vote.

Rep. Day moved the ordinance for final adoption; said motion was seconded and approved by a machine vote of 34-0-0 (See Vote Record No. 1051).

3. **PS27.050** RESOLUTION; approving the connection of the designated area to the public water supply lines, including extension of water mains and service laterals; and waiver of all reimbursement by individual property owners for the costs of such extension (re: Hannah’s Road, Very Merry Road, Larkspur Road and Cousins Road).

Chair Lyons moved Item No. PS27.050; said motion was seconded.

President Martin stated that the item in L&R changed the law so that we are now allowed to, upon the director of health’s recommendation and findings, waive assessments. We have that power now. We didn’t have it 5 minutes ago, but now we do. This is under that new law."

The motion was approved by a machine vote of 34-0-0 (See Vote Record No. 1052).

President Martin stated It is hard to cheer about something as devastating as finding pesticides in your water, but he is glad that this was passed. In speaking with both Ben Barnes, the Director of Operations and Mr. Casolo, the City Engineer, their plans are to break ground on this project in the Hannah’s Road area around October 15th with the goal of completing the hookups in the December 1st to December 15th area, subject to weather, subject to finding more rock than they’ve already planned for. President Martin stated he is impressed with how motivated the whole city government is, and he thanked the Board, the Fiscal Committee, the Legislative & Rules Committee, and the
Public Safety & Health Committee for moving so rapidly for this public emergency and bringing this water in.

President Martin continued: Based upon some additional findings of contamination, in discussions with Mr. Barnes today, we concurred that Alma Rock and Mary Joy Lane should be included on the list of streets that should be fast-tracked. That is going to require an additional capital appropriation, and Mr. Barnes stated he is in favor of this and he will speak to the Mayor and is confident the Mayor is in favor of that. President Martin will put on the agenda another resolution allowing us to extend water lines and waiving the assessment fees, that presumably will pass next month. President Martin stated that he almost says “congratulations,” but congratulations are not in order under these circumstances; nonetheless, we have been working as hard and as fast as we can to deal with the immediate problems.

Rep. DeLuca stated that Alma Rock and Mary Joy will be on our agenda for discussion in October and at our November meeting, the same procedure will follow, with these 2 items having been added and with work beginning around the same time period, with the intent of having those two areas done by December 15th also.

Rep. Day stated that in his eleven years on the Board, he has not seen this kind of effort come together so quickly, and it kind of belies the general impression that sometimes we can’t get anything done. Often we don’t do a good job at getting things done in an expeditious way, but in this particular crisis, we were able to focus on the emergency at hand, and I think it was handled extremely effectively. Rep. Day commended President Martin and his leadership, adding that without this leadership, this process would have been difficult. Rep. Day also thanked the committee chairs and all the representatives for focusing on this matter intently. Rep. Day commended Ben Barnes and Lou Casolo, in showing a lot of vision and working unbelievably hard to meet what is a crisis.

Rep. Zelinsky commended Director Barnes for giving an excellent report at the committee meeting. He brought charts and explained everything. Rep. Zelinsky also commended President Martin for his leadership in having all this come to pass.

Rep. Pia stated that the other people to commend besides the staff and the city and the people here are the residents of the area, who, in all the 30 years he has been involved, were the most professional group when they spoke to the Board on Health & Safety and the way they reacted to this public health emergency. This is a devastating thing for somebody’s house. Rep. Pia read two emails from residents that elaborated on the terrible circumstances they are living with.

Rep. Pia continued by saying that he thinks this is going to go on for a while, and we will end up testing not only the water but the soil to find out what happened.

Rep. Skigen stated that he would like to add his commendations to Mr. Barnes, his secretary, Margarita, who has dealt with hundreds, if not thousands of phone calls and emails, the Health Department, our staff, Valerie & Valerie, and in particular, Valerie
Rosenson, who pulled together the ordinance that we adopted tonight. Rep. Skigen also commended the residents of the neighborhood. This is step 1, and ultimately we still need to do a hydrogeological survey to find out where the water is going, we need to do testing in response to that survey, and we need to mitigate the situation at the park. As Mr. Borda, one of the residents, said before the Fiscal Committee last week, the ultimate goal here is to reopen that park at a time when we know that families and children can go over there and play and do it safely. Rep. Skigen stated he hopes that this will be a goal of the next board, and that it will be an ongoing goal until it is finally achieved.

Majority Leader Boccuzzi stated that he has been on this board for 35 years plus, and he has never seen an appropriation or an ordinance or a resolution go through 3 committees so fast, and everyone is to be congratulated. Mr. Boccuzzi added that President Martin and Mr. Skigen should be congratulated for all the work they have done. Mr. Boccuzzi stated It is his feeling that when it comes to public health, we should not concern ourselves with the amount of dollars we have to spend.

Chair Skigen stated he received a call on Thursday from Pete Privitera. He informed Mr. Skigen that with the current conditions in the bond market, after cost of issuance,
there are three series of bonds they can refund and save the City approximately $1.5 million. Mr. Privitera and Mr. Bernabe, the City’s financial advisor, appeared tonight before the Committee and advised that depending on market conditions, they hope to achieve the $1.5 million in savings. The standard for savings is 2%, and $1.5 million represents 3%, so even if the market changes slightly, the chances are that the refunding can go forward and achieve some savings. Mr. Privitera also said it will be the decision of the next administration whether to agree to his recommendation to utilize the savings to reduce 2010-11 debt service, which is scheduled to grow by $2.8 million. The Committee approved the resolution 10-0; Chair Skigen moved to approve F27.584; said motion was seconded and approved by a unanimous voice vote.

   08/24/09 – Submitted by Maggi Murray, HR Dept.
   09/09/30 – Committee approved 6-2-0 (as amended)

Chair Fedeli moved to approve Item No. P27.125; said motion was seconded. This was in place in 2005 with a sunset clause, and this ordinance will bring it back to award 5 points for those living and residing in Stamford. Chair Fedeli stated that this ordinance will also sunset on December 31, 2011.

Chair Fedeli stated that statistics were received that show that in 2005, 86% of those who took advantage of the residency points are still residing in Stamford. Rep. Lodato stated that in response to this statistic, he will change his vote and support the ordinance. Rep. Skigen stated that he will abstain from voting on this ordinance, and he is in support of considering five points for those who volunteer. He feels this is a better approach than residency. Rep. Skigen stated he does acknowledge that the statistics are comforting in that people are not taking the test and then moving out of town.

Rep. Zelinsky stated he is in favor of the ordinance in that he supports trying to help city residents acquire employment and that city residents are more familiar with the city.

The motion was approved by unanimous voice vote (Rep. Skigen abstaining).

A motion to approve the Consent Agenda, consisting of Item Nos. 1 through 3, was made, seconded and approved by unanimous voice vote.
